He composed nine of them and for some reason his standing among the best conductors of Europe was very high. It admitted that Bruckner was one of the most distinguished contrapuntists of modern times, that his musical ideals were lofty and his workmanship of the highest order. He was recognized as all this and more by the greatest European conductors, who for a number of years insisted that the public was wrong about the com-positions and that if they were heard would be ranked in the highest class. where they (the conductors) asserted they belonged. Never probably has a composer re-

ceived the same conductorial assistance that the orchestral works of Bruckner received from the leaders of European orchestral directing. But what was the ultimate result?

THE public looked at the matter in a different light. They maintained that musically the works were dry and uninteresting and they simply wouldn't have the Bruckner symphonies. All this happened not very much more than twenty-five years ago, but today the orchestral works of Anton Bruckner are lmost as non-existent as though they had never been composed. It was a clear case of the public against the conductors and the result shows strongly where the real power lies.

Perhaps the conductors were right

If the programs of all the great American orchestras for the last five or six seasons were available there would probably be a larger number of American composers represented than the average musically inclined person would think. But, whatever may be the attitude of the conductors, there is no doubt that there is no overwhelming desire on the part of the audiences to hear these compositions frequently.

By Auto to Boston Vla New York To the Editor of the Evening Public Indger: Sir-Will you kindly publish in your paper to Boston, Mass., taking in New York City? Also the best route by automobile to Brant Beach, N. J. Will you please mention the condition of the roads? WILLIAM M. GILLA

Philadelphia. Msy 28, 1922.

A good automobile route to Boston via New York is the Lincoln Highway to the latter city, thence by the Boston post road to Boston. The roads are reported in fine condition to Brant Beach, N. J.: from Camden via White Horse pike to Hammonton; thence turn left to Wesco. to Batsto; turn right over winding road to Greenbank. At end of road turn left, cross long wooden bridge to Wading River; turn right, Left, and road, turn left to New Greina; turn left tu hand rood, turn left to New Gretna: left, then straight on to Tucketton; cross railroad; through Parkertown; again cross railroad. At end of road turn right to Manahawken. Right-hand road at irreguiar four corners leads over new Beach Have boulevard and Two-Mile Bridge

In Flanders fields the popples blow Batween the crosses, row on row. That mark our place, and in the sky The larks, still bravely singing, fly. Scarce heard amidst the guns below. We are the dead. Short days ago We lived, felt dawn, saw sunset glow

Loved and were loved, and now we lie In Flanders fields. Take up our quarrel with the foe: To you from failing hands we throw. The torch. Be yours to hold it high. If ye break faith with us who die though popples grow
