# No End to Opportunity in this Great Rebuilding Sale

It spreads throughout the six acres of our floor space. It is one of the most imposing Sales we ever held, partly because of the hopeful turn in trade and industry. Chiefly because we have the Furniture—and have marked it down to savings that are selling it right and left. More Furniture than is good for us, because, just now, we need the room more than the Furniture.

¶ Receiving and Shipping Departments, Warehouses and Salesrooms are virtually choked up with it—for we have been temporarily deprived of the use of seven buildings, demolished to make room for the new four-acre addition to our plant, now in course of construction. So we have reduced prices everywhere to move the Furniture and keep it moving.

What could be more delightful for the Dining-Room than this charming Suite with its Elizabethan setting of paneled oak walls and casement window? A superb group of Furniture, rich in two-tone Walnut and characterized by lines that give it dignity and charm. An inexpensive Suite whose attractive price is one of the many agreeable surprises that confront customers at every turn in this great Store.
