Bobbed Hair Best, Asserts Temple University's Noted Girl Athlete

Those "uncomfortable and terribly bloomers, generally worn by girls in athletic contests, hold no atfor Miss Dorothy Baugh. youthful Norwood girl and a student at Temple University, who, Thursday competing in Temple's field day sports, won the 75-yard dash in 10 seconds flat and equaled the women's collegiate record for the event.

"Of course they may be just a little more conventional," Miss Baugh ad-mitted, "but I find it much easier and far more comfortable to run in the regu-lation boy's outfit with short trunks. The bloomers are certainly a handicap. They catch the air as one runs and feel as if they weighed ten pounds."
"Dottie," as she is familiarly called by fellow students, and Dr. Milton Francois D'Eliscu, physical director

ton Francois D'Eliscu, physical director at the University, her athletic instructor, is also an ardent propagandist in favor of bobbed hair. This was learned when she was asked to pose for a photograph, and hurriedly rborowed a comb from one of her friends.

"You see it doesn't take but a jiffy to comb it out." she said. "If it were long I should have to run all the way upstairs and stand before my mirror. Not only that, but when I run I'm not bothered with loose ends blowing in my eyes and finishing with the appearance of a bedraggled cave-woman."

"I like bobbed hair, not only for those reasons, but because it is more hygienic."
"How long have I been running?"

"How long have I been running? in the fall. It was recently erected and Only since I came to Temple. But I is a combination of the Glenolden and have done much swimming and I played Norwood High Schools.

22 Kinds of Couch Hammocks Between \$10 and \$27.50

Plain hammocks, striped hammocks, hammocks with head-rests and hammocks with upholstered backs-they are all here and all have the same principles of sound, safe construction.

We Strongly Recommend These \$11.50 Hammocks

because they are full 6 feet long and almost as comfortable as beds for outdoor sleeping. The frames are of galvanized angle iron and the springs are strong and resilient. All four chains reach down to the springs, thus leaving no weight dependent upon the fabric of the sides, as in a great many hammocks.

Your choice of gray or khaki-both are eight-ounce duck that is practically weatherproof. The mattresses are filled with pure cotton, button-tufted and covered on both sides, so that you can turn them over.

We Sell More of These \$20 Hammocks Than Any Others

They have comfortable upholstered backs, for one thing, over springs, making the back rest as easy as possible. They have two spiral springs up above, for another, and a convenient magazine pocket for a third. The principles of safe construction are the same as in our other hammocks. In gray or khaki, all button-tufted

Stands at \$4.50 Green angle iron frames are convenient for hammocks on the lawn or can be moved around

on the porch.
