

PLAN TO SILENCE FOREIGN CRITICS

Diplomatic Opposition to Pending U. S. Legislation Must Stop, Harding Decides

GEDDES AND HUGHES MEET

Washington, June 7.—The Harding Administration is determined to stop foreign diplomatic representations from publicly opposing pending tariff and ship subsidy legislation, but there is no indication that charges of Senator Watson, of Indiana, involving the British and Italian Ambassadors, will be made the basis of an international incident.

The fact that Mr. Watson, an Administration leader in the Senate, voiced the Government's displeasure of the manner in which Sir Auckland Geddes, Ambassador Roland Ricci and several British and French consular agents have discussed the proposed tariff is regarded as a sufficient "tip" to diplomats to refrain from further public remarks on the subject.

If Senator Watson's speech has the desired effect the matter will go on further, and there was every indication from the news reported by Secretary of State Hughes following his meeting with the Administration that it had been obtained.

The British Ambassador called at the State Department in the afternoon and conferred for some time with Secretary Hughes. Neither Sir Auckland nor Mr. Hughes would discuss the conference. It is understood the Italian Ambassador also will confer with Secretary Hughes probably today, and the incident, if the plans of the Administration do not miscarry, will be closed.

Sir Auckland May Not Return

Senator Watson's reference to Ambassador Geddes' Chicago speech, in which the British referred to the proposed tariff as a "barrier" to trade between the United States and Great Britain, served yesterday to revive the story that Sir Auckland would not return to Washington following his announced trip to England this summer. Nothing official, however, was obtainable at the British Embassy beyond confirmation of the Ambassador's report that the Ambassador expected to sail from the United States shortly on several months' leave.

Information used by Senator Watson in his address, it is understood, was compiled by the Republican National Committee, and has been placed in the hands of other Republican leaders, including the Senate, chairman of the Foreign Relations Committee. Apparently, the Administration's move was designed to shut off further discussion on the part of foreign representatives by simply calling attention to the American public to the fact that their opposition was taking on the aspect of propaganda.

American diplomatic representatives in foreign countries are bound by Federal statute to refrain from interference in political and Government questions of the countries to which they are accredited. No American statute, however, covers the case of foreign representatives here. The procedure in the case of a diplomatic representative who makes himself obnoxious to the country to which he is accredited usually is a request for his recall.

Charges Erroneous Report

The British Ambassador feels that his recent public reference to the American merchant marine and other matters referred to by Senator Watson, of Indiana, in his tariff speech in the Senate was erroneously described, and has shown to Secretary Hughes a stenographic copy of his address in Chicago.

BISHOPS PROTEST TO LENINE

Episcopal Prelates Denounce Imprisonment of Russian Patriarch

New York, June 7.—The Episcopal Church of the United States yesterday called a protest to Premier Lenine, of the Russian Soviet Government, against the imprisonment of Patriarch Tikhon, head of the Russian Church.

The message, signed by the Right Rev. Daniel Sizer, Tuttle, presiding bishop, the Right Rev. Thomas F. Gallor, president of the National Council, and the Right Rev. William T. Manning, Bishop of New York, read: "Episcopal Church of United States of America most vigorously protests against attack on whole Russian Church in person of Patriarch Tikhon. The Christian conscience of America cannot tolerate such wrong."

Protests against his detention have been made by Pope Pius XI, the Archbishop of Canterbury and representatives of churchmen in several countries.

SALARY BILL PASSES HOUSE

Byrnes Protests Amounts Provided Ship Board Are Outrageous

Washington, June 7.—This House yesterday finally adopted the conference report on the Independent Offices Appropriation Bill, with its contested provision for payment of salaries to officers of the Shipping Board. Repealed four times, it came back in slightly modified form and was adopted by a vote of 140 to 121. The bill now goes to the President.

The salary section over which the long fight was made provided that no officer of the board shall be paid more than \$11,000 a year, except six permitted to receive not to exceed \$20,000 each and two not to exceed \$20,000 each annually.

Representative Byrnes, of Tennessee, ranking Democrat of the Appropriations Committee, opposed the measure to the last, declaring it "outrageous" that such salaries should be paid when the work of the board at this time "did not demand it."

Three Killed in Train Wreck

Washington, N. Y., June 7.—Three persons were killed and three injured when a Pacific express train No. 7 on the Erie Railroad hit a truck at the Hingham station. The dead were taken to the hospital for the
