Cocoon Oil Makes A Splendid Shampoo
If you want to keep your hair in good condition, be careful what you wash it with.
Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multified cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.
Simply put two or three teaspoonfuls of Multified in a cup of glass with a little warm water, then moisten your hair with water and rub it in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.
You can get Multified cocoon oil shampoo at any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure your druggist gives you Multified.—Adv.

N. J. N. G. OFFICERS WON'T GO TO CAMP
Col. Price, Maj. Selby and Lt.-Col. Stone Among Those to Be Missing at Sea Girt

OUTCOME OF BORDEN AFFAIR
Colonel Winfield S. Price and Major George L. Selby, Camden, will be among the South Jersey officers of the 114th Infantry, New Jersey National Guard, who will not be at the head of their old companies when the organization goes to Sea Girt for the annual encampment July 22, it was learned today.
Governor Edwards has announced that he will not relocate the companies of the original 114th he assigned to the 113th Infantry following the wrangle over the resignation of Brigadier General Howard S. Borden.
It will be the first time in thirty years that Price has not led a company to Sea Girt, while it will be the first time in twenty years that Selby has not attended the encampment.
Price is one of the oldest figures in the New Jersey National Guard and was a battalion commander of the Third Regiment before the World War. He was chief disbursing officer of the Provost Marshal General's office during the war and was elected colonel of the 114th Infantry when the N. J. N. G. was reorganized afterward.
Selby, who was a company commander in the old Third, was decorated and promoted to major for bravery in France. He was elected regimental adjutant of the 114th when the guard was reorganized.
Another officer who will not be in command at Sea Girt is Lieutenant Colonel Edward B. Stone, Burlington, who is now undersheriff of Burlington County. Colonel Stone commanded the Burlington Company of the old Third in the Argonne, and was promoted to major and decorated for bravery. He has been a National Guard officer twenty years or more.
These officers resigned along with nearly every other officer of the regimental staff, thirty-two in number, when Governor Edwards insisted on the election of General Borden, millionaire sportsman.
The Camden, Burlington, Trenton, Mount Holly, Bridgeton, Millville, Vineland and Salem Companies have re-elected officers whose resignations were accepted by Edwards as a result of the Borden wrangle. Now that Borden has resigned by request of the Governor, there is speculation in National Guard circles whether or not Edwards will permit the re-elected commanders to serve.
The Governor has announced he will make known his plans for the annual encampment and assign officers to command the companies in a few days. He is waiting word from the Military Bureau at Washington regarding their approval of his plans.
When Edwards re-organized the units of the 113th and 114th Infantry, he placed the Salem Company of the 114th in the 113th, with headquarters at Newark. The headquarters of the regiment was removed from Camden to Paterson. Colonel William S. Guthrie, New York, was placed in command of the 114th Infantry.

PRaises LEGAL AID BUREAU
Rawle Tells Law Association of Relief Furnished Poor People
The work of the Bureau of Legal Aid is commended in a report which Francis Rawle has submitted to the Law Association, as chairman of the association's Committee on Municipal Legal Aid.
Mr. Rawle refers to statistics showing 13,494 cases handled by the bureau in 1921 as the best evidence of the work accomplished by the bureau. He cites several cases showing how the bureau, with municipal backing, can afford efficient relief to parties unable to enforce their rights because they are too poor to employ counsel.

Injured Carrier Pigeon Found
An effort is being made by Kirk E. Gifford, Sheriff of Cecil County, Md., to locate the owner of a carrier pigeon which was found in an exhausted condition near Elkton several days ago. The pigeon is believed to have flown into a telegraph wire and suffered a broken wing. The feet of the bird are encircled with two bands, one of which contains the number 3888. The other band bears the following inscription: "A. J. 2-N. H. C. 171." The owner of the bird may have it by applying to Sheriff Gifford.
