COAL PROBE TO GO ON

Of the Western Committee on Fundace and Relations of the Association of Railway Executives, who yesterday asserted that a rail strike because of recent wage cut decisions was unjustified, decisions was clared that disproportionate reductions in freight rates and wages of railroad employes, coupled with a mass of bur-densome legislation, are fast driving the country toward a condition in which its production and industry will be restricted or strangled by inadequate rail-

way systems.

But for the burden of traffic lifted by the coal strike the railroads of the Nation would be taxed to the limit in meeting the requirements of industry and commerce, he said. For the week ending May 27, Mr. Felton said, car loadings exclusive of coal amounted to 821,000 cars, compared with 795,000, including coal for

"MR. FISH" and GREY TOWERS

The story of a much-to-be-envied boy. A boy with the type of parents that every real boy should have—a woodsman father and a splendid, natural, athletic mother, busy with affairs of state, but never too busy to lay aside important affairs to pal with their boy.

An interesting glimpse into the homelife of Gifford Pinchot, the "Forester," his splendid wife and little, sun-bronzed, nature-loving "Mr. Fish," their son Bryce.
