

COAL CONFERENCES END IN DEADLOCK

Unions Reject Terms and Operators Refuse to Proceed Unless Miners Agree to Arbitration

STRIKE BELIEVED IMMINENT

By the Associated Press. New York, June 15.—The break in the wage scale negotiations between the United Mine Workers and the anthracite coal operators appeared irreparable today as the union members prepared to leave for their homes. That the suspension of the hearings means that a real strike will take the place of the present suspension of work was the opinion of both sides of the controversy.

Washington, June 15.—(By A. P.)—Coal operators and miners complying with the Administration's plan for voluntary arbitration during the present strike were here today to confer with Secretary Hoover on steps for bringing into line the minority in the producing and distributing branches of the industry who have failed to co-operate in the plan.

Cincinnati, June 15.—(By A. P.)—Asserting the Illinois coal operators had not been treated fairly in negotiations looking to settlement of the coal strike, Frank Farrington, president of the United Mine Workers of Illinois, expressed the belief that miners of his State would not accept any reasonable plan for settlement of the strike.

Harrisburg, June 15.—Coal miners and operators of Pennsylvania are estimated to have lost \$145,000,000 in the present coal strike in Pennsylvania today by Dr. C. B. Connelley, State Commissioner of Labor and Industry, after a study of reports to the department's mediators.

Pottsville, Pa., June 15.—Judge E. C. Bonnell has been offered the gubernatorial nomination of the Non-Partisan Party of Schuylkill County, which polled 11,000 votes last November.

A page from the "Lucky Bag" of 1922, the Annapolis year book, showing the "biography" derogatory to Leonard Kaplan, a young man of Jewish extraction, who was one of this year's graduates. The page is perforated so that it can be torn out without damage to the book. The publication was denounced in the Senate by Senator Sutherland. At the side of the copy of the page are shown Jerald (Jerry) L. Olmstead (above), and Rear Admiral Wilson (below). Olmstead was editor of the year book. Rear Admiral Wilson, superintendent of the academy, denounces the treatment of Kaplan in the book as a "low-down miserable trick."

BAPTISTS GAINING IN FOREIGN LANDS

Reports of Steady Growth Reported to Convention by Missionaries Across the Seas

FACE HUGE FINANCIAL TASK

By the Associated Press. Indianapolis, June 15.—An "unprecedented advance in evangelism" in the last year on various continents was reported today at the fifteenth annual convention of the Northern Baptist Convention by Dr. Frederick L. Anderson, of Newton Center, Mass. Dr. Anderson declared that in spite of unsettled world conditions the period from May 1, 1921, to May 1, 1922, had proved a record year in spreading the gospel in foreign lands. "In Africa," he stated, "the Burma Mission reports 4783 baptisms during the year, making a total church membership of 73,053. One of the most encouraging reports comes by cablegram from the new field north of Kengtung, Burma, across the Chinese border, where, since January 1, 1922, more than 2500 converts have been baptized. Missionaries in Asia have written of unusually large accessions of church membership. India never seems to have been so wide open to the gospel as it is today. Missionaries in Japan have expressed the opinion that the last year will prove to have been the best year in the history of Japan in evangelistic achievements. Letters from Russia reveal an astonishing growth in Baptist churches. According to the estimate of Russian leaders, the proposed union of the two Baptist bodies now known as the All-Russian Baptist Union and the All-Russian Evangelical Christian Union, would constitute the second largest Baptist body in the world, with about 2,000,000 members. Dr. Anderson reported that there are now more than nine hundred missionaries of the American Baptist Foreign Mission Society, including those of the Women's American Baptist Foreign Mission Society, serving the denomination on foreign fields. These are assisted by more than 7000 preachers, teachers and other helpers. Northern Baptists are confronted with a stupendous and perplexing financial task, but they are at the verge of "depths of Christian experience and heights of victory hitherto unknown," Dr. John Y. Altechson told the convention.
