THE DOO DADS BACK HOME

At last the Doo Dads have completed their wonder ful journey around the world. How glad their friends are to see them back.

The guns are booming, the band playing and the little Doo Dads are almost shouting their heads off at the sight of familiar faces. Old Doc Sawbones is the hero of the hour. His charlot had come to meet him, but the Doo Dads would not allow mere horses to pull it on such a joyful occasion. They unhitched the horses and proceeded to haul Old Doc's chariot through the streets of Dooville themselves.

Old Doc generously invited some of his interesting friends to share the triumph with him. See how Percy Haw Haw, the Dude, is gallantly kissing his hand to the crowd. Sicepy Sam, of course, fell fast asleep as soon as he got comfortably seated in the charlot. Flannel Feet, the Cop, is trying to keep him awake by pulling his ear, but in spite of this and the general hubbub, the lazy-bones sleeps on soundly.

-By Arch Dale

Meanwhile the procession goes forward, led by a gallant Doo Dad grenadier with a streaming banner. The Doo Dads are getting into trouble with their oldfashioned cannon. See how one has kicked back and knocked the match out of the Doo Dad's hand. There will be an awful roar when the keg of gunpowder explodes, but the other Doo Dads will think that it is only part of the celebration.
