portion wherein the two dissenting members advise the employes to strike against the decision of the board.

"Incendiary Arguments" Scored

"It is something new for labor members of the board to issue incendiary to arguments to employes in favor of striking against a decision of the board. The giving of advice of this kind has beretofore been left to outsiders, who were not under the official obligations imposed by the Transportation Act, the main purpose of which is to prevent railway strikes and protect the public

from their dire effects." "It is well to remember." the statement continued. "that the time will never come in this or any other country when the ordinary rules of common sense and business, call them economic laws, if you wish, can be absolutely ignored in the conduct of any industry. The latest instance in which these lay have been thrown overboard and reboth in railway and other industries. is found in Russia, and the result there is not one that this country desires to emulate.

Social System Not Perfect
