REAL ESTATE FOR SALE PENNSYLVANIA—SUBURBAN

Sesqui-Centennial

What Opportunities Will It Afford You?

Preparations for the Sesqui-Centennial will soon be under way and will bring a great influx of people to Philadelphia. The volume of this influx will increase during the next four years.

Demand for Philadelphia dwellings will soon exceed the supply.

Development and operation of this great international enterprise will create abnormal demand for labor and building materials in the Philadelphia district.

NOW is the time to build your own suburban home advantageously and gain for yourself insurance against rent increases or the opportunity to sell your present home on a rising market when your new home is ready for occupancy.

This is a rare opportunity to dispose of city homes and to acquire suburban homes under most advantageous conditions, which comes to the people of few cities in a lifetime.

Every far-sighted and prudent tenant who is satisfied with his present home and wants to remain in it should immediately endeavor to secure from his landlord a binding agreement, in writing, which will enable him to occupy his present home at a reasonable, stated rental until the Sesqui-Centennial closes. Failure to do so, or to secure another place of residence promptly, may prove costly.

We suggest that you investigate the size, price and surroundings of our building sites, our liberal terms, the character of our street improvements and the many apparent advantages which SPRINGFIELD affords as a place of residence.

Ample space for shade and fruit trees and flowers, also convenient transportation and beautiful homes already built and occupied by their owners, are inviting features of our substantial development.

Among our rolling hills surrounding SPRINGFIELD Station on the Media Short Line, only 12 minutes and one fare from 69th St. Terminal of Market St. "L," country life is to be found at its best for adults and children.

If, after reading the foregoing information, you have any thought of securing an attractive suburban home costing from \$9,500 to \$14,000, or more, we shall be glad to help you solve your problem, if you will write us about it. Our written reply will be prompt. You will not be annoyed by agents calling upon you.

Agent is at office opposite Springfield Station daily.
