WOMEN'S SUPPORT PINCHOT'S STAND

Will Back Forester in Assessment Fight, Mrs. Samuel B. Scott Says
STRUGGLE ON WEDNESDAY
 Milford, Pa., June 19.—"The women voters are delighted with the determination of Clifford Pinchot against assessment of office-holders. Further, the women intend to stick to Mr. Pinchot in the general election fight, regardless of the action of the State Committee."
 This brief summary of the present political situation, in so far as the Republican women voters are concerned, was made yesterday by Mrs. Samuel B. Scott, of Philadelphia, who with her husband was a week-end guest of Mr. and Mrs. Pinchot at Grey Towers. During the primary campaign Mrs. Scott was vice chairman of the Pinchot City Committee and one of the leading factors in holding down the Vare majority to 80,000 in Philadelphia.
 The eyes of the women workers, Mrs. Scott says, are turned toward the all-important conference in Philadelphia among Mr. Pinchot, Senator Pepper, W. Harry Baker, newly elected State Committee chairman, Major Reed and Mrs. Barclay H. Warburton, vice chairman of the State Committee.
 Until it is definitely decided whether the State Committee will accept Mr. Pinchot's wishes and abolish the appointment of jobholders, the women workers will merely mark time. If the differences between Mr. Pinchot and the State Committee are settled amicably, then the women workers will convene immediately and decide upon a future course of activity, according to Mrs. Scott. If Pinchot fails to agree with Baker, Pepper and Reed and decides to go it alone, the women who supported him at the primary will stick to him until the end, she said.
 Recalling the primary fight and the prominent part played in it by the thousands of women workers in Philadelphia, Mrs. Scott paid high tribute to their loyalty and persistence which made victory of the Pinchot forces possible.
 Another week-end guest of the nominee and his wife was Albert L. Watson, of Scranton, vice chairman of the Pinchot committee of Lackawanna County. He said: "We are strongly back of Mr. Pinchot in his strong stand against assessment of office-holders. During the Wednesday conference he can say that the Republicans of Lackawanna are ready to conduct a separate campaign for the State of the State Committee if the assessment practice is not abolished."
 "Personally, I hope the State Committee will go along whole-heartedly with Mr. Pinchot's demand for decency in its financial methods. It would be an evil thing if a break on this issue should come between the candidates for Governor and his associates upon the ticket. It is a question of fundamental right on one side and outrageous wrong on the other."
Storm Delays Conference
 Late last evening John N. English and Major Charles C. McGovern, of Pittsburgh, had failed to arrive at Grey Towers for their visit with Mr. and Mrs. Pinchot. No word was received from them, but it was believed they had been detained by the fierce storm which raged over the State. Mrs. George Horace Lortimer, who had also been announced as a guest for this week-end, expects to come to Grey Towers next Sunday.
 The Forester left Milford today "all set" for another hectic struggle with the organization leaders at the conference on Wednesday. The initial meeting of the unofficial financial survey commission tomorrow is expected to be far milder, of course, than the session the following day.
 Mr. Pinchot motored from here to Stroudsburg, going by railway from there to Philadelphia. He expects to remain in Philadelphia until Thursday.

WOMAN'S DEMOCRATIC CLUB TO PLACARD VOTING PLACES
Takes Lead in Drive for Guiding Signs for Polling Booths
 The Woman's Democratic Club of Philadelphia, through Mrs. C. J. O'Connell, of 194 North Park avenue, has taken the lead in an effort to have polling places in the city properly placarded. The necessity for guiding signs is obvious, it is pointed out, and they should be posted during registration and election time.
 Copies of Mrs. O'Connell's letter have been sent to various political organizations of women in the city, and favorable replies have been received. The letter sent to the League for Good Government follows:
 "The question of signs for registration and voting are nearly always located in small stores and out-of-the-way places, with little, often nothing, on the outside to indicate that they are the polling places.
 "In the interest of good citizenship we ask your co-operation in securing from our city officials signs or placards of conspicuous size, to be placed outside and within a short distance in all directions leading to the polling places. These signs are used in other cities, and we feel that they are needed here.
 "A copy of this letter has been sent to the League of Women Voters, the Republican Women's Club and the Civic Club. The united effort of the women of Philadelphia will secure these signs, they will serve not only to locate the polling places, but also will remind thoughtful citizens of their duty to register and vote.
 "Trusting to hear that it will be your pleasure to co-operate—"

It wouldn't be the same—
 "If every woman on the street Should make a loaf of bread, They wouldn't be the same at all."
 The Master Baker said:
 "Some loaves would burn, and some would fall, And some would not be good; Though each one used the self-same flour And did the best she could."
 And there's no secret about making Clicquot Club Ginger Ale. We tell what we put in it. Other manufacturers know all the ingredients we use. They can buy most of them. But they don't make Clicquot Club—any more than a woman with good flour and a recipe can make bread which tastes like her neighbor's bread made with the same flour and recipe. We have one decided advantage over other ginger-ale makers. All the water we use is pure, cold spring water, drawn from
