Pennsylvania Furnishes Model for New School System at Washington

REPORT SOON TO BE MADE

By a Staff Correspondent Washington, June 23 .- Pennsylvania to furnish the model for the public school system of the District of Colum-

It was learned today that the forthcoming report of a special sub-committee of the Senate Committee on the District of Columbia, which has been studying the problem, will recommend reorganization of the present system n accordance with the recommendations of Dr. Thomas E. Fluegan, superintendent of public instruction for Penn-

Dr. Finegan held a final conference on the subject yesterday with Senator Capper, chairman of the committee. He also called on Senator Pepper, appearing before the Capper committee later

of Education be appointed by the Presi-dent, instead of by the commissioners of the District of Columbia, as at present. the board thus appointed be given full authority to select a super-intendent who should be its chief ex-ecutive officer and the active head of chool system, responsible solely to

Board of Education.

"The public school system of Wash-ngton should be a model for the world. It is far from that now. With the rehind it there is no reason why it could not be made so, with a proper administrative organization as the founda-

De. Finegan declared educational standards in Pennsylvania higher than in any other State in the country. He predicted that within three years every teacher in the State, both in the elementary and higher schools, will have ad the equivalent of a college or normal school education.

This summer more than half the teachers of the State will be enrolled in summer courses in colleges, universities and normal schools," he said. "There is not another State in the country that
