NABBED FOR FRAUD

Lord" James Carlton Says It's "Beastly Bad Form" to Hold Him at Gloucester

DEPORTED THREE TIMES

"Lord" James Carlton, self-made British nobleman, isn't at all pleased with the table d'hote meals and small white enameled bed provided for his comfort in the Gloucester Immigration

"It's beastly bad form, you know. to imprison a man for behaving him-

His Royal Highness was arrested Saturday while with "Lady" Carlton, companion, as they were preparing to take passage on the new White Star liner Pittsburgh, which sailed Thursday for Liverpool. Carlton is held pending the report today of immigra-tion inspectors checking up his record. He is alleged to have promoted a worth-

less stock scheme. While "His Lordship" was languish-While "His Lordship" was languishing in the none too palatial suite of rooms in the detention station. Immiration Commissioner Hughes made mow that he was being held incommunicado as an undesirable alien. The woman who is said to be his wife, was not arrested, although she may be de ported with him if investigation war-

Mystery in Woman's Identity

Mystery in Woman's Identity

She is believed to be the daughter of a well-known Philadelphia family who was duped into marriage by the lure of Carlton's title. Much mystery attaches to the identity of the woman, who is staying in Camden and who visits him at the station every day, her face hidden behind a heavy vell. She is usually accompanied by another woman, believed to be her sister.

"Lord" Carlton was taken into custode secretly in a West Philadelphia work."

WORKERS CLAMBER HIGH UP

stand on end.

The approach to the wide-brimmed Quaker, that possibly means nothing to the used-to-it workman, but to the used-to-it workman and the uninitiated, it's an upward path beset with snares and twists and turns which has been here several times to see Carl-

woman.

Carlton is said to be an Oxford graduate and to have held high rank in the British Army when the war started. He became involved in some started. He became involved in some affair and was cashiered out of the army. Taking advantage of the war situation and its effect in this country he came here with a woman in September, 1914, and landed in Boston. He registered at the Copley-Plaza Hotel as "Sir" James Carlton, representative of a \$1,000,000 combination of English capitalists. His job, he represented, was to establish oxygen

Duped Boston Mayor

With his best British indignation be protested. So did "Lady" Carlton. "Sir James" declared it an outrage to ladder, but it's only the first hundred with another ladder, but it's only the first hundred that are the hardest, so the guide says. Afraid to look down and too dark sit to be looks up, hand and feet says. Afraid to look down and too dark to see if one looks up, hand and feet British troops in Scotland. She said that was true. His arrest came about through information sent from England. He and the woman were deported.

Carlton, on his arrival, gave a diner in honor of the captain of the steamship Cleveland, on which he and the woman made the trip across the calf of the leg.

Atlantic.

About a year later he turned up in Chicago as "Sir" Jerome Welden Herbert Crawshaw. It was found afterward that in some Chicago circles he used the old name "Sir" James Carlton, and that mistake caused his undoing. In \$1918 he turned up in Boston again as "Sir" Jerome Welden, and the immigration authorities picked him up before he got very far with a first time in more years than he covered far more votes then and in-In 1918 he turned up in Boston again as "Sir" Jerome Welden, and the immigration authorities picked him up before he got very far with a supposed scheme to make nitrates, but not before he had passed out several spurious Bank of England drafts which some of his Back Bay friends are said to have preserved in frames. The same woman was with him on this Boston on the tower, reaches up and unfastens the top of the hat, which is chalmed, and slips, it off like a trap door.

One more final climb, a big step over to Cape May and aplomb, as belitted the nobility, protesting to the last.

Is Within Law and Must Be Paid Out of State Appropriation, is Ruling

REVERSES FORMER OPINION

Harrisburg, June 24 .- State Treasurer Snyder is within the law, and has the proper authority for making an audit of the Treasury Department accounts, Attorney General Alter ruled in

Auditor General Lewis had withheld payment for the Snyder audit on the ground that the Auditor General had school next fall. Claire is just leaving kindergarten, and William is entering grammar school sole power of making an audit of State funds.

In a previous opinion, Attorney General Alter had held such to be the case. Gifford Pinchot had asked permission to have the books of the For-estry Department audited, but was in-formed the Auditor General had sole authority over audits.

Snyder, however, anticipating an audit of his own, had taken the precaution to have the 1921 Legislature appropriate \$50,000 "for the salaries of additional auditors, including necessary expresses."

of additional auditors, including necessary expenses."

The opinion was given T. A. Crichton, cashier of the Treasury, who explained the audit was necessary for the conduct of the department and was intended to ascertain the income and obligations of the State and place in the State Treasurer's possession information necessary for his reports to the Governor at the opening of the next session of the Legislature.

Snyder employed Lybrand Ross Brothers and Montgomery to go over the Treasury books at the same time that Lewis retained Main & Co. for a similar purpose. The two audits are expected to cost the State a huge sum. The opinion of the Attorney General

embezzlement of \$16,000.

According to the Sheriff, Benjamin fleeced many storekeepers and business houses of Snow Hill and Newark, Md., in various kinds of "fake" stock deals. Also, he is accused of stealing several packages of certificates of worthless stock. Then he disappeared from the Maryland town.

The Maryland police learned that he was doing business in the Pennsylvania. The opinion of the Attorney General

"The work you describe and its pur-Six modern bridges are being erected pose do not come within the field of auditing in the sense in which the Auditor General's Department audits by the city to meet the needs of traf-Auditor General's Department audits other departments of the State Government, as discussed in the opinion given by this department to the Auditor General on March 30, 1922.

"It seems rather for the purpose of ascertaining the situation with reference to matters involved in the performance of duties of the State Treasurer, the assembling of information desirable to be obtained and, of course, it tends to make certain the accuracy of

tends to make certain the accuracy of tends to make certain the accuracy of his records.

"The Treasury Department differs materially from the departments in general. Certain auditing constitutes an important part of the duties of the Treasurer. For this purpose auditors are a part of his general force. Additional auditors may be taken on singly and directly, and doubtless the best way to obtain high-class experts for temporary service is through a concontrast to other Schuylkill River bridges, none of which, except the Chesttional auditors may be taken on singly and directly, and doubtless the best way to obtain high-class experts for temporary service is through a contract with a firm of expert accountants. Miss Esther Harlocher and Miss Emma During the reconstruction of the bridge traffic is being diverted to Grays avenue and to the Walnut street bridge. Bridges replacing old ones are being built to carry Forty-ninth street over the Philadelphia, Baltimore and Wash-ington Railroad at Paschall avenue and by which men whose services would not ordinarily be on the market may be ob-

tained for such period of time as is de-

ington Railroad at Paschall avenue and to carry Fifth street over the connecting railway at North Penn Junction.

Each bridge is to be built at a cost of \$99,000, the city and railroad each bearing a percentage of the cost.

Fifth street bridge is 15 per cent completed, and will be finished by next spring, although it will be opened to traffic before that time. The Fifth street bridge is to be 105 feet long and 60 feet wide.

Residents of the northwestern past sired.
"The propriety of the work as you describe it seems clear enough, and if describe it seems clear enough, and if it is properly termed auditing, or if it is proper to have it done by those commonly termed auditors, of course, it comes within the terms of the appropriation referred to. I think said terms are proper to be used in connection with this work.

"We are coming to make so much use of expert accountants in straighten-

Residents of the northwestern part of the city who have been urging a new bridge to carry Poplar street over the accounts, or making reports or other deductions therefrom, all of which work tracks of the Baltimore and Ohio Rail-road will find that structure finished by December. comes under the common use of the term 'auditing,' that it cannot be re-stricted to such matters as passing upon the amount of claims to be af-lowed, settling accounts, etc., which constitute the main work of a depart-ment like that of the Auditor General. The Poplar street bridge is being erected at a cost of \$32,000 by Charles G. Shafer & Co. TO STUFF BALLOT-BOX "Therefore, as the work is proper work to be done, and comes within the

field of auditing as commonly under-stood, and you have the appropriations for additional auditors in the Treasury Girls in Philadelphia Normal Had Sex pride, a desperate effort to prevent a wave of feminism from enguising the fourteen boys in the senior class of the Philadelphia Normal School, is what prompted the ballot-box stuffing that prevented two of the boys from graduating yesterday, it is explained.

There were 121 with the classical and the Treasury Department, it is my opinion that the work may be paid for out of the said appropriation.
