Color Management

Color management simply means arranging colors by their position and proportion so that we secure harmony. And harmony means agreement. Now harmony in the arrangement of colors its obtained, first by contrast and, second, by analogy or likeness. Illarmony by contrast means using two colors that have nothing at all in common, such as blue with red, yellow, or orange; or yellow, with red, blue, or green, As a rule, it is safe to say DAILY READER.
