JAPAN'S ROYALTY RECEIVES DENBY Secretary Has Formal Audience With Regent, Crown Prince Hirohito

By Associated Press Tokyo, July 5.—Japanese royalty today received Secretary of the Navy Denby, visiting members of the Annapolis class of 1881 and their wives in an audience at the Imperial Palace.

Charles Beech Warren, American Ambassador to Japan, presented Secretary Denby, Senator Veller, of Maryland; Admiral Strauss, commander of the American Asiatic fleet, and thirty-six other men to the regent, Crown Prince Hirohito.

The audience was quite formal. The regent exchanged a few words with Secretary Denby and Senator Veller, while the Empress spoke briefly to Secretary and Mrs. Denby and to Senator Veller.

After the imperial audience members of the Denby party were entertained at luncheon by Baron Simpei Goto, Mayor of Tokyo, then drove to Akasaka Palace where Baron Nobunaki Makino, crown member of the House of Peers, entertained at tea on behalf of the imperial family.

The regent will not sign the Washington treaties, ratified July 1 by the privy council, until the other contracting Powers are ready to do so. In line with Premier Kato's initial program of military retrenchment and administrative economy, sharp cuts in the army program were announced yesterday, a day after the approval of a naval schedule which lopped off 13,393 tons from former plans.

Reorganization plans providing for a reduction of the army by 50,000 enlisted men, a cut of more than 20 per cent, were proposed by the War Office and approved by the Cabinet.

On the Reading Railway the day passed without incident. No shopman on that road is known to have joined the strike, as they are members of a different organization than those on other roads running out of the city.

At the headquarters of the car shop strikers it was said that today would tell the story. Leaders of the strikers assert that 75 per cent of the Pennsylvania workers will be shown to be on strike. This is denied by company officials, who say conditions remain as they were before the strike was called last Saturday.

At the headquarters of the car shop strikers it was said that today would tell the story. Leaders of the strikers assert that 75 per cent of the Pennsylvania workers will be shown to be on strike.

PINCHOT SEEKS SWORDFISH ON BLOCK ISLAND OUTING Invites Public Scrutiny in Fourth of July Speech at Milford

Glifford Pinchot, Republican nominee for Governor, left his home at Milford today for a fishing expedition off Block Island. Swordfish is the special object of the trip. The candidate expects to return about the middle of the month.

Mr. Pinchot delivered the Fourth of July oration at Milford yesterday. "I want to see in this Pennsylvania of ours," he said, "vision and the will to achieve increasing good, coupled with the independence which is our heritage."

You, my friend, who have followed me almost unanimously in the fight which will make me the next Governor of this State, should keep alive your independent and constant interest and judgment in the State Administration during the next four years.

"I urge you to blame me when I fail, and to uphold my hands when the right is on my side. Nothing makes for honest, efficient public service like constant critical scrutiny of the actions of public servants. The success of the next administration depends more upon the people of the State generally than upon the Governor. If they will study impartially and carefully the problems we will face, and give us the benefit of their independent and vigorous thought, success is assured."

Detective Kills Fugitive New York, July 5.—In a subway chase of three men he suspected of being pickpockets in the subway, Detective George E. Patton yesterday arrested the trio, slaying one of them in the head. The wounded man died tonight in a hospital.

Josh Billings as a Prophet on Tires YOU may recall what Josh Billings had to say about cats: "The hardest thing in everyday life, iz tew pik out a good kat, not bekause kats are so skase, az bekause they are so plenty." All along the way, as U. S. Royal Cords have grown to be the natural leader of the tire business, they have done this for the car-owner— They have made it easier to select a good cord tire. First, by getting and using every fundamental advance in the art of cord tire building. Second, by keeping on the inside of the quality fence all the time. Third, by becoming the measure of all automobile tires. So that every tire user has something to compare by when a tire dealer tries to sell him something that he doesn't exactly believe in.
