Traders Inclined to Take More Aggressive Position on **Both Sides**

New York, July 11.—By reason of developments in Europe and in the nited States over night, sentiment in seculative circles was considerably ore cheerful. There was netive short covering in various departments of the market notably in the oils. They easily led in point of activity and strength. Advances of from 1 to 5 points were recorded. As the session progressed some irregularity developed as result of profit taking at the higher levels.

In some parts of the list trading was salv on a moderate scale and flucture. on a moderate scale and fluctuaons continued narrow. A moderate acrease in commission house business was reported and traders were inclined to take a more aggressive position of both sides of the market, particularly for a further advance.

or a further advance.

Mexican Scaboard issues were again prominent and after early reactions moved up from 2 to 3 points, princilly on short covering. Standard Oil Indiana was the most conspicuous of the former subsidiaries and at one time was nearly 3 points above last night's close. Prairie Oil and Gas jumped 13 points. Standard Oil of New York made a recovery of 3 points and the Kentucky corporation 2 points. International Petroleum was in increased demand at a gain of a point or so while Anglo-American ruled about

steady.

Imperial Oil of Canada was more than a point higher. Penn Mexican Fuel was an exception to the whole list, yielding about 14 points, withoun any explanation. Skelly Oil, Siams Petroleum and Southern States were fairly active, but fluctuated narrowly. In the miscellaneous group Tobacco
Products "when issued" recovered to
the extent of good-sized fractions on a
fair volume of business.

With Maximum Safety For Your July Funds

A local institution, estab-

lished over sixteen years and universally recognized as the world's leading man-ufacturer of sweaters, offers a limited portion of its capital stock direct to the public.

The company's products are nationally advertised. Sales over the last three years exceeded \$4,000,000.00. Sales in 1921 over \$1,500,000.00. Orders on hand for 1922—with the six best selling months ahead—\$800,000.00. The mills have never closed for lack of orders.

Dividends payable quarterly. The amount of stock for sale is limited.

ONE-PIECE SUITS

Somers Point Executive Rules That Nymphs Must Wear 'Covering' on Streets

from here, but they must wear wraps to and from the water, according to an order issued yesterday by Mayor Charles Steelman, who has the support

of Council behind his edict.

When Atlantic City barred the "solo" suits from the local beaches. Mayor Steelman invited the sea nymphs to come to his town. Hundreds did and the bridge connecting the Point with Ocean City became an "orchestra row," where scores of machines lined up to watch the water sprites in their abbreviated costumes.

The townsfolk did not object to the

suits as long as they were confined to the beach, but when the visitors started strolling around along the streets the order yesterday was the result. Silas Allen, twenty-four, a weaver of Chester, Pa., and A. L. Smith, twenty-six, of Anderson, S. C., are resting peacefully in the city jail here.

Performance '

The men were arrested late yesterday

Performance is the final of anything in this.
It is the acid test of all individuals, of all corporations, of all ideas.

When we tell you that our past performances have built up a clientele of fifty thousand customers, who have received seven per cent on their investments, year in and year out, we have demonstrated for you a successful performance that merits your confidence and approval.

It should stimulate your interest to know more about us and how we have taken such progressive steps in corporate financing. We will be glad to send you literature or better. have a representative call at your request.

The R. L. Dollings Co. "Builders of Business" Philaderptia Columbus Indianapolis

by State Troopers who said they had found them supervising the operation of a giant moonshine still. The still was taken along, as were seventy gallons of "white mule" and a large quantity of material for further operation. The raid was made following a long search through the woods in back of Pomona, a small hamlet on the mainland fifteen miles from here. The tip on the still was given by residents along the White Horse Pike who declared big trucks bearing Pennsylvania license tags have been making nightly visits to the vicinity.

BLACKMAILERS IDENTIFIED

Atlantic City, July 11. — Girls in one-piece bathing suits have absolute freedom of the beaches at Somers Point, a bayside city ten miles from here, but they must wear wraps

Following a letter to the local police describing the system by which the gang of ten alleged blackmailers operated in this city, Robert L. Haney, of 5922 Spruce street. Philadelphia arrived yesterday to press a charge against the men. Haney identified the members of the gang, who, he charges, attempted to blackmail him out of a considerable sum of money while he was at a beach-front hotel.

"Jimmy" Mendo, a flagman at the Absecon crossing of the Pennsylvania Railroad fell asleep at the switch yes-terday and today is looking for a new job. One of Jimmy's duties is to warn traffic and handle the safety gates. He neglected to do this and several motor parties barely missed disaster. One motorcyclist escaped a speedy shorebound express by throwing himself from his machine twenty feet from the ing. His cycle was demolished.

Application will be made to list these Series "A" Bonds on the New York Stock Exchange.

The Company will agree to reimburse the holders of the Series "A" Bonds, if requested within sixty days after payment, for the Pennsylvania four-mill tax and for the Connecticut personal property tax not exceeding four mills per dollar per annum, and for the Massachusetts income tax on the interest not exceeding six per cent per an-

Interest payable May 1 and November 1 in New York City without deduction for any normal Federal Income Tax now or hereafter deductible at the source not in excess of 2%. Redeemable in whole or in part, at the option of the Company, on any interest date after May 1, 1936, to and including November 1, 1950, at 105 and accrued interest, on sixty days' published notice. Issuance approved by the Public Service Commission of the State of New York for the First Dis-

CHICAGO

For detailed information regarding this issue, attention is directed to a letter of Mr. William J. Welsh, President of the Company, from which the following is summarized:

The New York and Richmond Gas Company, incorporated in July, 1901, operates under perpetual franchises supplying without competition artificial gas to four of the five wards of the Borough of Richmond, New York City.

The First Refunding (now First) Mortgage Gold Bonds, Series . "A" will be secured, in the opinion of counsel, by a direct first mortgage on all the property of the Company.

Gross earnings for the twelve months ended April 30, 1922, as certified by independent auditors, amounted to \$944,685 and net earnings to \$282,740, as compared with annual interest requirements on bonds outstanding, upon completion of the present financing, of \$120,000.

The franchises of the Company, in the opinion of counsel, are perpetual and unconditional, except only as to reasonable regulation by the public authorities, their validity having been sustained by the courts.

A recent decision of the Supreme Court of the United States affirmed the judgment of the United States District Court, holding the so-called Eighty-Cent Gas Law unconstitutional. This case is a final authority for upholding the right of gas companies to charge a rate for gas sufficient to provide a reasonable return upon the investment.

The growth of Staten Island and the business of the Company have been uniformly constant, each decade without exception having shown large increases, and definite plans for the development of rapid transit service between the Boroughs of Manhattan and Richmond present assuring prospects for the future business of the Company.

These bonds are effered for delivery when, as and if issued and received by us. The First Refunding Mortgage and all legal matters incident thereto will be subject to the approval of counsel. It is expected that temporary bonds, later exchangeable for definitive bonds, will be ready for delivery on or about July 15, 1922.

All statements herein are official or are based on information which we regard as reliable and while we do not guarantee them, they are the data upon which we have acted in the purchase of these securities
