HEAR that the date for Mary Car-accompany her uncle and aunt. Mr. and Mrs. Edward A. Schmidt, of Radnor. on a trip abroad. It's to be on October 7, and her grandmother, Mrs. Edwin N. Benson, will give the ten at her home in Chestnut Mrs. Benson introduced Virsinia Carter, too, you remember.

Mary is the younger of the two girls and just as attractive as Virginia. And that is saying a lot. I saw them both the other day in their garden at the Rectory. You know their father is the Rev. George Calvert Carter, of the Church of the Redeemer, Bryn Mawr. Virginia was looking sweet in grounds. Virginia was looking sweet in a simple frock of green linen, bound in white, fastening at the left side and made with a Russian blouse finish.

Virginia has deep gray eyes and rather light brown hair. She is tall and graceful and is very musical. In fact, she lays the plano exceedingly well and Mary has a decidedly pleasing voice. Mary was wearing a frock of pale lavender linen embr. idered in white silk braid and eyelet work. She has

braid and eyelet work. She has blue eyes and fair hair. TT'S always interesting to hear where the brides and the brides-to-be are

planning to live. I suppose Alberta Reath and Harry Neilson will live in town. They are to be married on Octotows. They are to be married on Octo-ber 18, and I've heard that they are soing to live in Philadelphia, though I don't believe they've decided yet just where, and Cornelia Rankin and Alfie Hunter, who will be married about Aifie Hunter, who will be married about ten days before. October 7, to be exact, are having a hard time deciding between Chestnut Hill and Penllyn. I imagine, as his mother lives in Chestnut Hill and her family at Penllyn. Perhaps they will surprise us and take an apartment in town, as Adelaide Newlin and Hill Paul except to do. The Newand Bill Paul expect to do. The New-line live at Haverford and the Pauls at Chestnut Hill.

Caroline Barclay and Muscoe Garbett, whose wedding will be the same day as the Hunter-Rankin one, though theirs will be at 12:30 o'clock in Chestnut Hill, and Cornelia and Alfred will be married in the affarment at Daylon. married in the afternoon at Penllyn, if I am not mistaken, are planning to live in Chestnut Hill on East Mermaid lane in a cute little house which the Randal Morgans own and which is being fixed up for them. It is directly epposite the Jas, Somers Smith, Jr.'s, house.

DID you hear that Pauline and John Wanamaker have a little daughter? She was born on July 2, but I have not heard what she will be called. Her grandmother, Mrs. William Disston's, name is Elizabeth, and that is a beautiful many so perhaps she will be tiful name, so perhaps she will be named for her.

If the new little Miss Wanamaker is

anything like as attractive and sweet to her mother she will do well. From the time Pauline was a tiny akt. the time Pauline was a tiny child, she attracted me. She is the most extremely dainty person I know, and when about five years of age seemed more like a fairy than an honest-to-goodness little

She married John Wanamaker, Jr.. who is a son of Rodman Wanamaker and brother of Niny de Heeren and Marie Louis Munn, about five years ago. They have one other child, a son, if I am not mistaken.

Miss Estelle Goldstein, of 2351 North Park avenue, is at Cedar Island Camp in the Adirondacks, where she will spend the summer.

MOMMY had been playing out of in for lunch his small face was specked with mud. "Why, Thomas." said Mother, "have you been playing with mud? You know I forbade you to." Shoes That Mean Summer Happiness

Summer need not mean foot disomfort-not if you wear the right

aind of shoes. But some women still fail to give their feet the same intelligent thought that they do other parts of their person. They take Turkish baths and general massage, they practice an advertised system of bodily exercises, they have facial treatments regularly, keep their hair in good condition and look well to the beauty of their hands, while they neglect their feet and permit them to be so uncomfortable, to them so much unhappiness, that the discomfort and unhappiness are clearly reflected in their faces and in their ungraceful walk. Many women, however, have

learned that the antilever Shoe women

starts them at the foundation of physical and mental fitness by relieving them of all foot strain and discomfort. A notable feature of Cantilever Shoes is the flexible arch, just like the arch of the human foot—which permits the nuscles and ligaments to exercise normally and naturally with every step. This exercise strengthens the muscles and keeps the feet young and supple. Cantilevers have niways had the natural sole line, the comfortable rounded toe and the sensible walking heel which Dame Fashion now proclaims the style.
