be brothers. The British Consul was inclined discredit the theory of relationship with the Duke of Grafton's family. He pointed out that the family name is Fitzroy, and that if this man was a relative and wanted to hide for any rea son, he would be more likely to call himself Fitzroy than Euston. There is every advantage in having your Paperhanging done this month for even now good Paperhangers are none too plentiful and in the busy Fall months they are almost unprocurable-then work piles up which means to you not only annoving delays and inconvenience but disappointments.

Wall Paper

There are other reasons-very practical ones too-for in the Summer months the windows can be left wide open to insure a full circulation of air that the paper can dry quickly and evenly-the long Davlight hours are a great assistance for they enable the Paperhanger to match patterns and colors perfectly.

We take advantage of the Furniture and the Great White Sales because there is an economic advantage in doing so. The same opportunity is offered you in Wall Paper during the usual dull month of July.

Your Dealer, your Paperhanger, is prepared to render you the best service right now-can offer you the fullest assortment of charming new patterns, styles and colorings and do your work at a better price than he could hope to offer you in the busy Fall season.
