

## GUARDSMEN GIVEN WARFARE PRACTICE

Brigade Headquarters Company Gets Taste of Actual Battle Conditions

### RADIO MESSAGES SENT

By a Staff Correspondent

Camp Duffy, Pa., July 28.—Tactical movements under actual battle conditions today marked the fifth day of training for the reorganized guard.

Early today Colonel Carl A. Martin, senior instructor from the regular army, ordered the brigade headquarters company into the woods surrounding the western boundaries of the camp and when they arrived there under secret orders they were placed in battle formation.

No other troops participated in the movement but the strength of the brigade headquarters company was lifted to 300 officers and men for the purpose of establishing communications sufficient for the entire brigade. The signal men were called into service for the first time and laid their ground lines and air communications in record time.

Ground wireless radios, ground telephone and carrier pigeons were used to carry brigade orders.

During the movement the rattle of machine gun fire from the rifle range in the rear of the marching troops added the war-time atmosphere.

During the afternoon part of the maneuver Brigadier General Shannon was on the ground and later expressed himself as highly gratified with the response shown by the small number of men engaged with the hypothetical brigade.

As there has been several near drownings in Conewago Lake, swimming instruction was started this morning by William A. Rogers, camp athletic instructor. After giving the first movements on land, the men getting down to work half stripped as they went through the arm motions of the "crawl" and "freestyle" and the instructor took the men to the lake where they were permitted to put theory into practice.

UNOFFICIAL NOTES FROM CAMP DUFFY

By a Staff Correspondent  
Camp Duffy, Mt. Gretna, July 28.—Brigadier General Edward C. Shannon, commanding officer of the encampment, was the host last night to thirty-six members of the Rotary Club from O-

lumbia, Pa., General Shannon's home, at a dinner given at headquarters of the Fifty-sixth Infantry Brigade.

Radio greetings to Governor Shroul were received during the Governor's unofficial visit here yesterday from Florence Beale, Jr., Parkersburg, Pa., a personal friend and radio enthusiast.

Private Joseph McGrogan, of West Chester, attached to division headquarters company, was the first man to be complimented by the Governor for general military bearing and appearance.

Nightly band concerts by the regimental organizations of the 11th and 12th Infantry regiments are now competitive affairs with wireless programs broadcasted from all parts of the country to the three radio stations at the encampment.

Colonel J. W. Page, of the general staff of the regular army, and attached to Third Corps Area, Baltimore, arrived here yesterday and was one of the guests at the luncheon given to the Governor and Adjutant General Beatty.

Mass athletics under the supervision of William A. Rogers, camp athletic instructor, were staged for the benefit of the Governor during his visit yesterday. The exhibition was followed by an inter-regimental push-ball match between teams representing the two infantry regiments.

"Green" horses of the cavalry troopers of the 103d Cavalry quartered at Colbrook, three miles west of here, are giving their riders much difficulty in the close formation drills. Numerous spills have occurred each day.

According to division headquarters officers, this year there has been a noticeable lack of illness among the troops, due to the strict regulations and close police supervision of the vending of soft drinks and ice cream.

Sharp rivalry exists in the terrain exercises for division officers under regular army instruction. Major William Fish, New Brighton, Pa., has so far held the highest mark. Major Fish is division inspector.

The members of the polo teams of the First and Second Troops of Philadelphia are preparing for the inter-train polo match scheduled for Sunday afternoon. This will be the first game of polo ever staged at a National Guard encampment.

## FASCISTI DEFY ITALIAN TROOPS

Seize Socialist Headquarters at Ravenna—Machine Guns Fail to Oust Them

### TEN DEAD IN FIGHTING

By Associated Press

Rome, July 28.—The Fascisti at Ravenna have occupied the Socialist headquarters and hoisted the national flag. The police and Government troops rushed the spot with machine guns and armored cars, but found the Fascisti inside refusing to leave.

The Government has concentrated a considerable force of troops at Ravenna to prevent further disorders. Several Fascisti deputies have arrived there.

A communique issued today by the Fascisti party says that "mobilization of Fascisti is limited to forces strictly necessary to face the situation."

Ravenna has the appearance of a state of war. Numerous patrols of carabinieri and Royal Guards march the streets, while at strategic points detachments of infantry and cavalry armed with machine guns are stationed.

Dr. Italo Balbo, secretary of the Fascisti Federation of Ferrara, is in supreme command of the Fascisti. He said that the complete mobilization of the Fascisti of the provinces of Ferrara, Bologna, Modena, Parma and Piacenza would be ordered if the labor unions dared to make any provocation.

Every train brings to Ravenna thousands of Fascisti wearing military caps, black shirts, Alpine boots and military breeches. Two hundred arrests have been made.

Three more of the victims in Wednesday's fighting yesterday, bringing the total up to ten, while the wounded reached thirty. Many avoided going to the hospitals, fearing arrest. The ferment among the Fascisti is intense and the authorities have adopted the strongest measures to prevent further disorders. The shutters of all the stores have been put up and usually bear an inscription saying "closed for Fascisti mourning," alluding to the lone Fascista who was clubbed to death.

## MODERN ARMAMENT READY FOR RUM WAR ON BORDER

Sub Chasers, Airplanes and Armed Cars Assemble on Canadian Line

By Associated Press

Ogdensburg, N. Y., July 28.—The former submarine chaser C 8-483 arrived here today to aid in the warfare against border liquor smuggling. Much surplus war material of the Federal Government is now assembled here. Officials assert that within forty-eight hours the campaign against rum-running from Canada would be prosecuted vigorously with naval craft, coast guard cutters, airships, armed cars and high power motor trucks.

Two powerful trucks, part of a fleet of forty-eight to be sent to Northern New York, are already here. Each will carry Government agents armed with rifles and revolvers and will operate in this customs district, being used chiefly to blockade the highways when word is received that a cargo of contraband has left the border bound South.

Airplanes, submarine chasers and coast guard cutters are to patrol the St. Lawrence River, which in the past has been the highway for the liquor smugglers.

Recent dispatches from Ottawa and Montreal asserted that the Canadian authorities would co-operate with United States agents in an attempt to shut off the flow of liquor into this country.

Have You Inspected Gas Hot Water Service?

The automatic storage system supplies piping hot water, day or night, as fast as you can use it. When hot water is drawn, the gas is turned on automatically. When the tank is again full of hot water, the gas is turned off automatically.

With all its advantages the automatic storage gas water heater is the most economical water heater you can use. Term payments.

See a demonstration at any U. G. I. store or ask us to send a representative.

# "Wet" and "Dry" Spots AS SHOWN BY THE "Digest's" Poll of the Nation

## Have You Voted Yet?

In this week's "Digest" (July 29th) there is a summary of 357,600 ballots in the poll of 10,000,000 men and women in every State of the Union which THE LITERARY DIGEST is conducting on the subjects of Prohibition and the Soldiers' Bonus. There is also a statement from Mr. Wheeler, General Counsel and Legislative Superintendent of the Anti-Saloon League, and communications from representatives of organizations in favor of a modification of the present liquor law.

Never before outside of a general election has such an extensive poll been conducted. In addition to the thousands of ballots being received daily, letters are pouring in from all sections. By a secret process these ballots are proof against forgery and the most careful precautions have been taken against fraud of any kind, so that when the final tabulations are given they will reflect accurately public sentiment upon these two burning issues. These ballots have been sent, by mail, to more than 10,000,000 men and women, representing practically every profession and industry in the country. In addition, the poll will be extended so as to include large industrial concerns—the result of a poll in the Edison plant is shown this week.

The balloting will be continued throughout the summer and reported weekly in "The Digest." Don't fail to get this week's number and study the returns.

If you have received one of these ballots be sure to mark and return it immediately so that your vote may be recorded.

# Goodrich new tire prices

—lowest cost mileage ever known

The new base line tire prices established by Goodrich, effective July 20th, give motorists a definite guide to tire prices as Goodrich Tires are the definite standard of Tire quality.

They know now they can buy the very best tire—the one quality Silvertown—the tire that has always held its leadership because—it wears longer, looks better, and because, mileage considered, it costs less than any other tire at any price.

Dealers have been quick to point out to their customers the big advantage and economy of buying

## Silvertown Cords

at such base line prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3 1/2 Cl.	\$13.50	34 x 4 S.B.	\$30.85
31 x 3.85 "	15.95	32 x 4 1/2 "	37.70
30 x 3 1/2 S.B.	15.95	33 x 4 1/2 "	38.55
32 x 3 1/2 "	22.95	34 x 4 1/2 "	39.50
31 x 4 "	26.45	35 x 4 1/2 "	40.70
32 x 4 "	29.15	33 x 5 "	46.95
33 x 4 "	30.05	35 x 5 "	49.30

New base line prices are also effective on Goodrich Fabric Tires:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3 "55"	\$ 9.65	32 x 4 S.B. (Safety)	\$21.20
30 x 3 1/2 "	10.65	33 x 4 "	22.35
32 x 3 1/2 S.B. (Safety)	16.30	34 x 4 "	22.85

No extra charge for excise tax. This tax is paid by Goodrich

See your dealer, and place your order NOW for your Goodrich tire requirements.
