Discovery of New Belt Attracts Many to South Africa

London, Aug. 3.-(By A. P.)-Dispatches from South Africa report the discovery of a new gold helt in the Transvaal, stretching from the border of Bechuanaland to Nylstroom. Receipt of valuable specimens from a storekeeper at a lonely post by the assay office was followed by a movement of miners to the new fields ap-

proaching the size of a rush. Options have already been secured on several big groups of claims and gold is said to have been found in a number of places.
