The Philly Terminal will be played, and Bob Davis, whose name is a household word with North Philly fans, will oppose his old teammates against Ray Steinader, he Vineland lad, who is one of the best purlers hereabouts, and the game should be a hummer. The recent streak of the North Phila-

Performance tells tne story of ATLANTIC superiority

Dependable performance! That is the story you get from Atlantic Gasoline, no matter where or when you buy it.

Atlantic isn't simply a fair-weather gasoline. Its complete and uniform "chain of boiling points" gives it all the elements for action and all the elements for power required to meet every speed, load, temperature or other operating condition.

You need no scientific analysis to discover Atlantic's absolute day-in-and-day-out superiority as a fuel for present-day motors. Performance will tell you that!

Starting will prove that Atlantic vaporizes and ignites easily. Getaway, pickup and hill climbing will show that Atlantic is packed with stamina. Mileage and the long-continued, carbonless smoothness of your motor will give you positive evidence that Atlantic burns completely-that every possible heat-containing fraction is developed into live, wheel-turning energy.
