Resinol
does wonders for poor complexions

Underneath most unattractive skins is a clear, pleasing complexion—all that is needed is the proper treatment! It is surprising how often a brief use of Resinol Ointment and Resinol Soap will clear away redness and roughness and give the skin its natural freshness and charm.

HARD FIGHTS SEEN
IN OHIO PRIMARY

Progressivism, Prohibition and Labor Big Issues at Polls Tomorrow

ANTI-SALOONISTS ACTIVE

Columbus, O., Aug. 7.—With prohibition, progressivism and labor the headlines as issues in Ohio's State-wide primary tomorrow, political leaders expect a heavy vote to be polled and some close races developed. Whether the National Administration is to receive the endorsement of Ohio voters will be determined in great measure in the success or defeat of Carmi A. Thompson, of Cleveland, a former United States Treasurer, who has been closely identified with the Harding Administration in Washington, for the gubernatorial nomination. In Thompson's race also will be determined in equal measure the effectiveness of the anti-saloonists' campaign, as it is to Thompson has the league's main support been given. The progressive issue has been brought to the fore chiefly through the candidacy of Congressman C. L. Knight, of Akron, and Daniel W. Williams, Jackson publisher, both of whom were followers of Colonel Roosevelt in 1912.

Smith Liberal Candidate
While there has been no outward indications of an organized effort of "sets" to put over any certain candidate, Secretary of State Harvey C. Smith, of Zanesville, one of the nine Republican candidates, is generally conceded to be a liberal candidate, though desiring for strict law enforcement. The clear-cut wet and dry fight, however, revolves about C. Homer Durand, Coshocton attorney and a leader in former wet and dry fights. Mr. Durand is running on a beer and light wine platform. One former soldier, State Senator Arthur H. Day, of Cleveland, is seeking the Republican gubernatorial nomination, and political leaders are interested to ascertain how solidly the soldier vote will go to him as a probable barometer in future political contests where former service men may be candidates.

Close Democratic Race
On the Democratic ticket the three candidates—former State Auditor A. V. Bondary, of Philadelphia; former State Supreme Court Justice James G. Johnson, of Springfield, and Thomas J. Duffy, chairman of the State Industrial Commission—are expected to run a neck-and-neck race. All have received the endorsement of the Anti-Saloon League, but Duffy has repudiated the endorsement, declaring the league a Republican organization with no business mixing in Democratic affairs. While organized labor, particularly the "big four" railway brotherhoods, have taken an active part in the campaign, the two candidates they have fought most strenuously—Senator Atlee Pomeroy and Congressman S. D. Fess, candidates, respectively, for the Democratic and Republican nomination for United States Senator—are picked for winners by all political leaders.

GASOLINE PRODUCERS LOSE MONEY, SENATORS TOLD

Future Supply Dependent on Discovery of New Oil Pools
Washington, Aug. 7.—(By A. P.)—Opening its inquiry into gasoline prices the Senate Manufacturers' Committee was told today by H. L. Welch, secretary and counsel of the American Petroleum Institute, that refiners in the United States as a whole had produced gasoline and other petroleum products at a loss since late in 1920. The recent decline in gasoline prices were attributed by the witness to reductions in crude oil values. The maintenance of the market in crudes, said Mr. Welch, was due to an apprehension that production in some of the Mexican fields was due for a rapid decline. There was also the apprehension, Mr. Welch added, "whether the domestic production of oil would be at a high enough rate to meet the requirements of domestic consumption and exports if the Mexican crude production fell off as was expected. However, the development of a series of important pools in the mid-continent field and in California has increased the current supply crude to a point where, in connection with the crude oil stocks on hand, there is enough to meet present demands." Mr. Welch told the committee that "it seems increasingly apparent that the continuity of supply will be largely dependent upon the discovery of new and important pools."

INDICT THREE FOR ALLEGED MILLION-DOLLAR WAR FRAUD

New Yorkers Accused in Sale of Old Hickory Powder Plant
Washington, Aug. 7.—(By A. P.)—Indictments were returned today by the special Grand Jury investigating alleged war frauds against Ernest C. Morse, former director of sales of the War Department; Everly M. Davis, president of the Davis Chemical Company of New York; and Alexander W. Phillips, associated with Davis. The three men, all of whom live in New York, were charged in the indictment with having defrauded the Government out of more than a million dollars in connection with the sale of the war-built plant of the Old Hickory Powder Company, near Nashville, Tenn. The indictment against Morse is the second to be returned. The first indictment resulted from an inquiry into the disposition of surplus lumber after the war. Mr. Morse is now president of the Foreign Sales Supply Corporation, and is believed to be in Warsaw, Poland. The indictment returned today specifically charged felonious conspiracy, combination, confederation and agreement to have the Nashville Industrial Corporation purchase the Old Hickory Powder plant "for a sum greatly less than it was reasonably worth." The indictment set forth that the Government expended \$5,000,000 in construction of the plant, but received from the sale by the War Department only \$3,450,000.

INJURED IN SMASH

Fred Levering, Haddon Heights, N. J., Suffers Minor Hurts in Collision
Fred Levering, twenty-one years old, of Haddon Heights, son of a member of the firm of Eavenson & Levering Company, Camden wool merchants, was slightly injured this morning when a truck struck his sedan on Broadway, Camden, at Viola street. The driver of the truck, Ralph Lewis, thirty, of Frankford, failed to stop after the accident. He was arrested after he had gone seven squares by patrolman Barley, who heard the crash. Part of the top of the sedan was carried away on the truck.

10,000 DIE AT SWATOW

Third Steamship Wrecked in Typhoon and Tidal Wave
Hong Kong, Aug. 7.—(By A. P.)—Casualties in the typhoon and tidal wave which last Wednesday swept the port of Swatow, 250 miles north of here, now are estimated at 10,000. Another British steamship, in addition to the two previously reported ashore, was bound from Hong Kong to Shanghai when she met the fury of the typhoon and was wrecked, but her passengers were saved.

Camper Shot Accidentally

John Lihela, eighteen years old, 410 West Norris street, was shot through the leg yesterday while sitting with friends on their porch at the camp-meeting grove, National Park. A revolver in the hands of a nearby cottager was discharged accidentally. He was treated in Woodbury and returned home.

NO SUGAR TARIFF
PROBE BY SENATE

Smoot Blocks Plan to Investigate Charges Against Government Officials

SENATOR ASSAILS REFINERS

Washington, Aug. 7.—Efforts to bring up the Harrison resolution proposing an investigation of charges that American Government officials sought to have Cuban sugar producers curtail their crop this year in return for a reduced tariff duty on sugar, were blocked today in the Senate by Senator Smoot. Senator Harrison asked unanimous consent to call up the resolution, but Senator Smoot objected and then Senator Nicholson, of Colorado, made a motion that the sugar schedule be laid aside until there had been an investigation. A point of order by Senator Smoot that this motion was out of order was upheld by Senator Cummins, who was presiding. Senator Nicholson declared "every serious charge" had been made in articles read to the Senate Saturday by Senator Harrison and that he felt the Senate should not proceed with the consideration of the sugar schedule until there had been an investigation. Senator Smoot said he wanted the Senate and the country to know that "this propaganda that has been spread from one end of the country to the other is a continuation of the fight against domestic sugar producers by the sugar refiners." "They have made up their minds," he added, "never to be contented until they destroy the sugar producers in the United States. If they succeed, the American people will pay dearly." Declaring the refiners' profits unreasonable, Senator Smoot said they sought power to lower sugar prices when the domestic crop comes into the market. With the aid of a Wall Street banking group, they are now trying to throttle the sugar industry of America, he said, adding that stock promoters and speculators also had taken up the propaganda to support them in "the hundreds of millions of dollars of stock in Cuban sugar companies foisted on the American public." The best sugar industry, Senator Smoot said, engaged 700,000 acres of the best agricultural lands of the country, 100,000 farmers, 85,000 field hands and 25,000 factory operatives, who he said, furnish competition necessary to prevent monopoly and hold down prices. "It is hardly fair to ask that this industry be destroyed to cover Cuba's economic blunders and aid the refiners to control supply and fix prices of sugar," said the Senator.

WEST PHILA. TO DANCE

We Stand for Law and Order!

The newspapers have, during recent weeks, been telling you of a so-called "Taxicab War" in front of certain hotels at which a competing company claims the exclusive right to the city streets. The public is entitled to know our position on this subject.

Yellow Cab drivers have been instructed in all instances to obey, without question, the regulations and orders of the Philadelphia Police Department. These instructions have been carried out.

Yellow Cab drivers have also been instructed under no circumstances to initiate any disturbance with a competitor. We know of no instance in which disorder of any sort has been begun by an employe of this Company. If any such case is brought to our attention, the offending driver will be promptly dismissed and, if the facts justify, prosecuted by this Company.

Yellow Cab Co. stands for Law and Order; for obedience to police regulations; for decent, not lawless, competition.

We are opposed to the exclusive use of the streets at any point by any Cab Company, and we believe it to be our public duty to offer our service at every point where the Public wants Yellow Cabs.

Our Recent Rate Reduction makes our rates the Lowest in Philadelphia. We believe that our Service is the Best. Every Yellow Cab driver shares in the Company's profits. He receives in addition to his share of the profits AN EXTRA CASH BONUS EACH WEEK THAT HE DRIVES HIS CAR WITHOUT AN ACCIDENT. He has a direct interest in carrying you with Courtesy and Safety.

After the first 2/5 mile you can ride in a Yellow Cab at the rate of
