Delaware Soldiers Get Stiff Workout at Camp George W. Sparks

ROMOTIONS ANNOUNCED

Range, Del. Aug. 8.—Anti-aircraft defense, organization, technique and tactics are now being taught the soldiers of the 198th Artillery, Anti-Aircraft, Delaware National Guard, encapped here, at the open-air military neadeny. Captain L. A. Hudgins, I. S. A. instructor, spent the entire day yesterday in explaining the mechanism in the regiment's new American 75-millimeter three-inch guns. Browning fillimeter three-inch guns. Browning heavy type machine guns and light

Browning rapid-firing guns.

In the new preparedness program which has been mapped out by leading army officials. Delaware's organization promises to play the most important role. It is the argument of army instructors in this camp that the next war, if there should be another war, ill be fought from the skies. The term "anti-aircraft defense." in its widest sense, really includes all the

A general tightening up on discipline was urged by Colonel Harry W. Stark, senior in command, when officers and commanders were called into conference last evening. During this, the final week in camp, stress was laid by the commanding officer relative to possible partiality or so-called favoritism among the enlisted men.

GORKI THANKS AMERICA

Says Aid in Famine Kindles Dream

of Universal Brotherhood Hamburg, Aug. 8.—(By A. P.)—
"The charity of the American people kindles the dream of brotherhood among mankind just at the time when brotherly love and sympathy are very much needed," writes Maxim Gorky in a let-ter thanking Herbert Hoover and all other Americans for the aid extended during the Russian famine.

The letter, given out by the local office of the American Relief Administration, is dated July 30, exactly a year from the date Gorky addressed his tele-

No other Hudson so completely sums the body-builder's art. It blends richness and luxury with a simplicity that is the hallmark of Hudson enclosed car charm. And the promise of its beauty is borne out in the unusual personal comfort and serviceability this model affords.

It seats seven amply. The lustrous, lasting finish reveals the unhurried and painstaking care given every detail by master workmen, who have always specialized on the finest, costliest cars.

Of course it has the new Hudson motor, which won such instantaneous admiration everywhere. It is the top step of seven years' development of the patented Super-Six principle. It is equally a revelation to Hudson owners.
