Ruling on Spaces for Stands Changed on Complaint of Independents

COURT DECISION INVITED

Complaints from independent owners of taxicals that under the recent ruling the allotment of individual space for cub stands for each company worked hardship on many of their number today caused Superintendent of Police Mills to order the restoration of the move-up" system at 10 o'clock to-

morrow morning.

As a result of the recent taxical warfare in front of leading hotels, Superintendent Mills fley days ago or should be alloted separate spaces at all stands. These spaces were not to be occupied by members of rival concerns.

today called the Superintendent tention to the fact that this cul-worked injustice to their number. Th owners controlled more than 500 tix cabs, while the combined number of cabs belonging to the Oniker City, the Yellow and the Black and White Con-panies was only 265 M. J. Carrigan, president of the In-dependent Operators and Owner As-

dependent Operators and Owner Association, acted as spokesman for the delegation, which included George T. Simon, vice president: J. Harris, L. G. Hines and T. P. O'Rrien.

"The independent owners and drivers are entitled to consideration." Superintendent Mills said after the visit of the delegation. "We will have a market and consideration of the delegation." of the delegation. We will have a policeman at each lead to enforce the new ruling. I would welcome a count test to have this entire matter cleared.

BABY MAY FIGURE IN CASE

Ballston Spa, N. Y.. Aug. 14.—The complaint in an action for \$1,000,000 for breach of promise against Cordelius Vanderbilt Whitney, son of Harry Payne Whitney, was filed here today by attorneys for Evan Burrows Fontaine, a dancer.

The complaint briefly charges that Whitney began a courtship with Miss Fontaine on May 19, 1919, which continued until October 28, 1920, when the plaintiff asserts, he promised to marry her three days later, but failed

At that time decision was deferred until September 9 for the purpose of giving attorneys for the defendant opportunity to obtain affidavits from Texas, where Miss Fontaine formerly resided.

Affidavits relating to earlier efforts to settle the action were filed from formerly connected with the case, and

merly connected with the case, and Charles Firestone, of New York, atorney for the plainntiff.
The latter asserted that arrangements for a settlement proceeded to a point where Miss Fontaine vas asked to sign
