BULL ENTHUSIASM AT A HIGH PITCH

Early Strength Partly Offset by Heaviness of Speculative Leaders in Afternoon

New York, Aug. 16.—With the overnight news concerning the labor troubles distinctly favorable, the forward movement was resumed with increased vigor in today's stock market. The movement was both of a progressive and contagious type with speculative enthusiasm reaching a high pitch before the session was half over—a result of a wild scramble to cover on the part of the belated shorts; withdrawal of all restraints on the part of the pools and other speculative combinations, and most important of all, a continued scant supply of stocks. This produced little short of a boiling market as virtually all the popular shares came through the active morning with gains of 1 to 3 points. Although the afternoon trading was somewhat more two-sided, due to realizing pressure in some speculative specialties, the more representative shares maintained a strong front up to the closing.

While the ratification by the joint committee of bituminous operators and miners in attendance at the Cleveland conference represented only a relatively small amount of union coal tonnage, nevertheless the market community looked upon the action as sounding the death knell to the prolonged coal strike, at least making it a dead issue as a market factor. The news was regarded cheering because it assured supplies of fuel for the country's industries and made the people everywhere, including corporations, may have to pay high for their coal this winter they will in all events be able to get what they need.

With the ice broken it was felt the disputes of the anthracite fields would be speedily disposed of, which also may pave the way of putting a quick finish to the transportation troubles when the chiefs of the four big brotherhoods and the railroad executives get together tomorrow. In the meantime rail money was in plentiful supply at 3½ per cent., that being the established opening renewal rate.

As all the bars of restraint were down it was but natural constructive forces should surrender to their long pent-up feelings and take full advantage of all openings. The bullish demonstration in rails was led by Union Pacific, Chicago and Northwestern preferred and New Orleans, Texas and Mexico, each of which established new peak prices for the year. This hardened in response to a brisk demand for Standard Oils of New Jersey and California, which were up 3 and 2½ points respectively. There was an active movement for public utility issues, Tennessee being shown by North American, Columbia Gas and Public Service of New Jersey, each climbed 2 points and Consolidated Gas, Philadelphia Electric, National Lead and Coca-Cola, each of which advanced 2 points or more.

Weakness cropped out in individual quarters in the early afternoon, which was disturbing to speculative sentiment for a time, and the general movement became quite confused. Subsequently the representative shares again surged upward under the leadership of the equipments and selected specialties.

Removal of selling pressure in General Asphalt and Mexican Petroleum, which receded 3 points from their early highs, had a temporary unsettling effect later in the afternoon, but prices steadied later. Reading, Lehigh Valley and International Paper showed up well in the final hour.

With few exceptions, early prices in the division tended upward, most changes being of a fractional nature. Japanese first and second 4½s, with Cuba Republic 4½s of 1949, receded slightly, while Berne 8s and Danish Municipal 5s, series B, were relatively better. Railway mortgages were in fairly good demand, Long Island refunding 4s rising 2 points and Chicago and Alton 3½s advancing ¾, with slightly smaller gains being recorded in Seaboard Air Line refunding 4s, Chesapeake and Ohio convertible 5s, Pennsylvania general 4½s, New York Central 4s, St. Paul refunding 4½s and San Francisco income 6s, adjustment 6s and prior lien 4s, series A. In the industrial list Bethlehem Steel refunding 8s and Mexican Petroleum 8s were the strong spots. Liberty issues held steady.

FOREIGN EXCHANGE

New York, Aug. 15.—At the opening of the market for foreign exchange today sterling was unchanged from the high record of this movement established late yesterday—4.48¾ for cables. Demand was quoted at 4.46½. France showed a loss of 5 points, Belgians were down 4, Norway down 2, Swiss and Spanish down 1, Swedish up 6, Danish up 3 and guilders up 1. Lire were ¼ point under Tuesday's final. Marks showed a loss of ⅝ at .0017⅜. The quotations were again largely a reflection of selling of exchange at foreign financial centers. London had reported 4700 marks to the pound sterling.

Quotations were: Sterling cables 4.46¾, demand 4.46½; France cables 7.08, checks 7.07¾; Belgian cables 7.77, checks 7.76½; Lire cables 4.50½, checks 4.50; Swiss cables 19.05, checks 19.02; peseta cables 15.64, checks 15.62; Danish cables 21.60, checks 21.55; Norway cables 17.20, checks 17.11; Sweden cables 26.35, checks 26.28; guilder cables 38.82, checks 38.78; marks .0017⅜.

Central European exchanges were again erratic to the point of guesswork. Czecho-Slovakian was quoted up to 3.00. Other quotations were: Bulgarian .65, Rumanian .66 (after 1.24 about two weeks ago), Serbian 1.23, Greek 3.00, Jugo-Slavian 3.05, Polish .0145, Finnish 2.75, Austrian .0020, Hungarian .0075.

The premium on New York funds in Montreal today was 3-32 per cent. The discount on Canadian funds in New York was 1-16 per cent.

Receiver for Hoey, Tilden & Co.

New York, Aug. 16.—Formal announcement of the suspension of Hoey Tilden & Co. was made on the New York Stock Exchange this morning. A petition in bankruptcy was filed against Stanley J. Hoey and Edward Tilden, composing the firm, on Tuesday afternoon. Federal Judge Mayer appointed H. H. Kaufman receiver under a bond of $10,000.

New York, Aug. 16.—The New York Curb Market Association announced the suspension for failure to meet engagements of the firm of Hoey, Tilden & Co.: Smith, Lockhart & Co., and Kaderly & Plasse.

Cuban-American Sugar, quarterly $1.75 on preferred, payable September 30 to stock of record September 8.

Rail Strike Felt in Stockyards

Chicago, Aug. 16.—The first effect of recent embargoes on livestock as a result of the rail strike was felt at local stockyards today when livestock receipts fell to the 9000 mark. Yesterday receipts were 20,000, according to the United States Department of Agriculture figures, and the prediction for today had been placed at 18,000, twice as much as the bureau's estimate of actual receipts today.
