CURB TRADE LIGHT; ALTERATIONS FEW

Bethlehem Steel Preferred Heavy — Common Yields. Durant Motors Firm

New York, Aug. 19.—The market on the Curb today moved in close touch with that on the New York Stock Exchange, but movements were narrower and the volume of business was comparatively small. Bethlehem Steel preferred was heavy, selling down to 94⅞, and the common, which was first traded in yesterday, had a loss of over 2 points, to 76. Trading in these stocks was largely of an arbitrary character coming from buyers of Lackawanna Steel on the New York Stock Exchange.

In the independent oil stocks, Southern States Oil was a prominent feature, selling at the new high record of 14¾. Standard Oil of New York continued in good demand, ranging around 452. Standard Oil of Indiana ranged from 114¼ to 115⅝.

Goldfield Development was a feature of the mining group again, making a new high record. Mesabi Iron was steady, selling at 12.

Durant Motors of Indiana was firm with sales at 15 and Reo Motors was traded in at 13⅝.

Chicago Cuts Collateral Loan Rate

Chicago, Aug. 19.—Brokers here have received notification from several big banks of a reduction in interest rates on collateral loans from 5 per cent to 4½ per cent and 4¾ per cent. This not only indicates easier money rates here, but reflects large reserves, which have accumulated in the Chicago district.
