

SUSPECT SMILES AT RECORD BAIL

"Any More?" Says Youth Held by "Judge" Under \$26,000 on Variety of Charges

THEN HE GOES TO CELL

Harold Davis, 1938 South College avenue, a snappily dressed young man, never winced this morning when Magistrate Coward in Central Station held him under bail totaling \$26,000 on charges ranging from automobile stealing to assault and battery.

Davis' bail is the highest amount ever demanded in Central Station when held in lieu of bail, and said, "How much more?"

For many weeks detectives have been hunting for him. He was arrested after Davis, but he always left a few minutes before they arrived. Yesterday they learned that he was at Broad and Columbia avenue, drinking soda in a corner drug store.

As they arrived in a car Davis saw them and ran for his machine, but the detectives overtook him with guns.

At the hearing this morning the first charge against him was stealing by the means of a motor vehicle, February 21, a policeman was shot while chasing him. On this charge he was held under \$5000 bail for his appearance in Alder town.

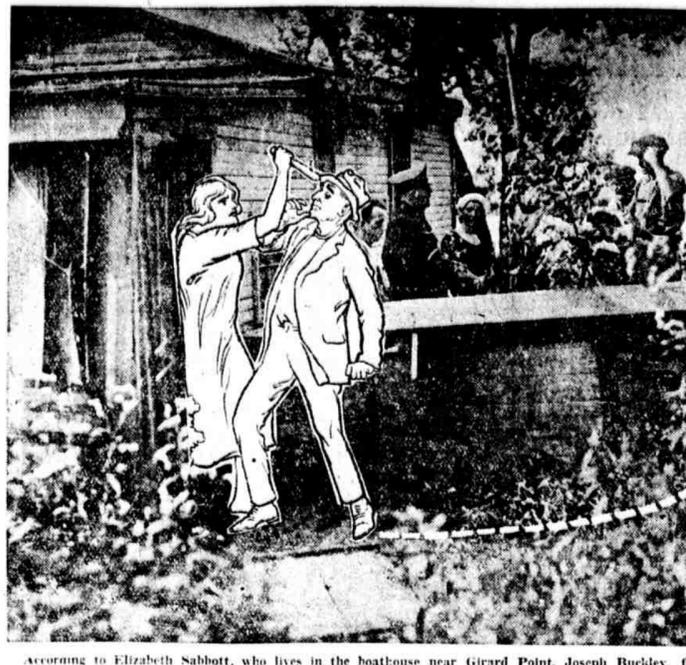

He was also held under \$2000 bail for the larceny of the car he was riding in. This was owned by Frank Braslin, of 1708 Vine street, and had been stolen from Broad street and Park mount avenue, February 8, and \$1000 additional bail on a charge of carrying concealed deadly weapons.

Charles E. P. Carter, of Broad and Merion, Carter said his machine had been stolen from Sixteenth and Walnut streets on June 18, 1921. He was later arrested on this charge. He was later arrested on this charge. He was later arrested on this charge.

William Jowers, of 604 North Broad street, said his car had been stolen on July 13 from Sixteenth and Oxford streets. Davis had allegedly sold it to Sam Berman, of Second and Spring Garden streets. Three thousand dollars more bail for court was demanded on this complaint.

Elizabeth Sabbot, who lives in the boathouse near Girard Point, Joseph Buckley, fifty-seven years old, attempted to enter her cabin last night. In a light at the door, she says, the man was stabbed. His body was found at a point at the extreme right of the photograph.

PUBLIC THE LOSER IN CONDUIT FIGHT

Whoever Wins in Chestnut St. the People Pay, Says Bureau of Municipal Research

CABLES NOW BEING LAID

Analysis of the "conduit war" in Chestnut street, between the business men of that thoroughfare and the Western Union Telegraph Company, has been made by the Bureau of Municipal Research. The conclusion arrived at is the public loses.

The weekly bulletin of the bureau says: "While obviously the concern of the protesting merchants is a private and commercial one, nevertheless the whole controversy has implications, from the public's point of view, which should have had greater attention before the ordinance was originally passed.

"There is also the question whether in effect the present ordinance gives the telegraph company practically a monopoly. He would be a rash prophet who would predict that after the present ordinance is passed, the telegraph company would obtain permission to tear up the other side of Chestnut street for the purpose of installing conduits.

"It is perfectly evident that as usual in the public utility industry, the public pays the bill for the conduit now being laid, but also the cost of the conduit is being constructed in the interest of the public instead of in the interest of the company.

Manhattan proceedings to have the court compel Mayor Moore to sign the agreement between the city and the Western Union Company were instituted yesterday.

The agreement, if signed, will allow the Western Union Company to proceed with its work of laying conduits in Chestnut street. After the agreement is signed, Director Caven and Chief Dunlap, of the Highway Bureau, must secure permits allowing the digging of the street to continue.

The action was brought by Gill, Guekes & Sharder, attorneys for the company. It answers the petition filed in the court by the business men of Chestnut street asking an injunction restraining the Mayor from permitting the opening of the street.

rest were compelled to burst the door of her ramshackle home, which was barricaded with furniture. A knife wet with fresh blood stains was found under the pillow, and the woman's body belonged to her and broke into a shrill laugh when asked to give an explanation.

Conflicting stories were told by the woman and neighbors who were questioned concerning the murder.

Mrs. Leonard Agas, who lives near Mrs. Sabbot, said she heard screams about 1 o'clock and a man's voice pleading for help. The voice grew weaker and weaker until it ceased altogether.

After the resolution had been laid on the table, which would amount to killing it, there was a demand, led by Representative Dyer, to strike it from the record, and this was ordered, 141 to 3.

The resolution set forth that Wayne B. Wheeler, counsel for the Anti-Saloon League, had filed returns showing the expenditure by his organization in the Seventh Congressional District of Minnesota, represented by Mr. Volstead, that Mr. Volstead knew that Mr. Wheeler would appear before the Judiciary Committee "either favoring such a specific legislation of which his committee had jurisdiction."

A request for more reliable and better polling places in various sections of the city was made of the County Commissioners today by a delegation of schoolmen representing political and civic organizations.

The visitors were informed that in order to have changes in polling places it was necessary for ten voters of a district to sign a petition to that effect.

A hearing on request for such changes will be held before the commissioners tomorrow morning at 11 o'clock. The women were invited to be present.

More supervision of polling places was urged by Mrs. George Horne, League president, who said that the Women of Pennsylvania, she said that in one of the polling places in the Twenty-fourth Ward a man and woman were given assistance to voters.

P.)—Resignation of Representative Volstead as chairman and as a member of the House Judiciary Committee hereafter being alleged to have been given him in the last election in Minnesota by the Anti-Saloon League was requested in a resolution presented and read in the House today by Representative Thinkman.

Immediately after reading of the resolution Representative Mann moved that it be laid on the table, and the motion was adopted with a loud chorus of ayes.

After the resolution had been laid on the table, which would amount to killing it, there was a demand, led by Representative Dyer, to strike it from the record, and this was ordered, 141 to 3.

FREIGHT THIEF SHOT, 4 OTHERS NABBED

Wounded Thug Near Death After Battle Between Narberth and Wynnewood

\$5000 IN LOOT RECOVERED

Five freight thieves, one of them seriously wounded, were captured at 11 o'clock last night by the Lower Merion police after a fifteen-minute revolver battle in Wynnewood road, between Wynnewood and Narberth.

The wounded man, who is reported to be dying in the Bryn Mawr Hospital, and his companions, are believed by the authorities to be part of a band of thieves who have been robbing Pennsylvania Railroad freight trains along the Main Line over a period of nearly two years. One of the thieves escaped during the battle last night.

Loot, valued at \$5000, was recovered. It had been hidden in the woods near Wynnewood Station.

The revolver battle, in which seven policemen were directed by Magistrate Fred Walzer, of Narberth, aroused residents of the town between which it took place. Later, when the thieves had been taken to the hospital, two accidents on Lancaster pike and Ardmore avenue added to the excitement.

First an automobile struck and overturned a truck taking the main line to the hospital, and then another car threw a mounted patrolman from his horse while he was trying to direct traffic at the intersection.

Open Fire on Police
Magistrate Walzer returning home about 10:30 o'clock last night, saw a large touring car drawn into the woods off Wynnewood road, near Windsor avenue. Two men were in the machine.

The magistrate saw four other vehicles, with the exception of the man who later was wounded, abandoned their machine, and fled down Wynnewood road, firing as they ran.

The other men who were captured gave the names of Francis Hays, twenty-four years, 174 Arch street; John Orr, twenty-six years, 753 Trent street; Anthony Leonard, twenty-three years, 1210 McKean street, and Cornelius Freedman, twenty-four years, of 2008 South Fifteenth street.

Man Unconscious When Picked Up
Smith, unconscious when picked up by the police, was placed in an automobile driven by William Trager, of Narberth. While speeding out Lancaster pike to the hospital, the machine was overturned by another machine at Ardmore avenue.

Trager, Smith, and Patrolman Johnson and Stagg, who were in charge of the patrol, were injured. Smith was still unconscious from his bullet wounds.

A moment later another automobile struck a patrolman, and the machine overturned. The patrolman and horse fell, but escaped injury.

Smith was taken the rest of the way to the hospital in another machine. Reports from the Pennsylvania Railroad to the Main Line authorities have shown a series of robberies from freight trains in this section.

PENNA. ELKS STAGE COLORFUL PAGEANT

Crowning Feature of State Convention at Scranton is Big Parade

PHILA. LODGE WINS PRAISE

Scranton, Aug. 24.—Elkdom of Pennsylvania marched in colorful pageant today as the crowning feature of the sixteenth annual convention of the State organization. More than 5000 Elks were in the procession and a large crowd thronged the streets.

Threatening skies and occasional showers failed to dampen the spirit of the marching herds. The Philadelphia lodge, with its mounted band, big band and natty drill team, was a hit. The Erie delegation, with band and white squadron, also won a hit. Several lodges of Williamsport, Johnstown, York, Binghamton, New York, Wilkes-Barre and other visitors, scored heavily, too.

The Scranton lodge had a mammoth float decorated in the Elks' colors. Joseph F. Conrad, Scranton, was the grand marshal.

At the closing business session George J. Post, of Philadelphia, was installed as the new president of the State organization, succeeding Charles H. Grakolow of Philadelphia. Other newly elected officers took the oath of office. Passage of a resolution provided for the erection of a home in Pennsylvania for widows and orphans of Elks, and for aged and disabled Elks.

The president of the State organization is to appoint a committee of seven, including himself, together with the trustees of the organization, to work on the project. Former State Senator Edward E. Hoyt, Scranton, presented the resolutions.

He stated that he expected to have Charles M. Schwab and other prominent Pennsylvanians Elks serve on the committee. The home will probably be built this year. The Elks will attend the grand ball in the armory tonight, the last number on the convention program.

The convention voted down the resolutions to hold election of State officers on the last day of the convention instead of the first day, as is the custom. Erie's famous white squadron won first prize in the competitive drill contest this morning.
