TRADING IN STOCKS
MORE TWO-SIDED

A Vigorous Comeback Was Staged in the Last Hour After Early Irregularity

New York, Aug. 31.—A number of contributing influences could be held responsible for the more two-sided character of the trading in today's stock market and the resulting irregular and confusing price movement.

While the forward movement was not definitely checked, the market plainly experienced quite a good deal of difficulty in holding ground.

Capitalizing on the fact that the market had a good deal of difficulty in holding ground, independent upward movements continued in a number of selected issues.

LEHIGH NAVIGATION
A LOCAL FEELING

Confidence in Ending of Coal Strike Reflected in the \$2 Advance

Confidence in the settlement of the anthracite labor dispute was reflected in the pronounced strength and active trading in the stock of the Lehigh Navigation Company.

Neither was the strength communicated to the general list. To the contrary, most of the other local stocks continued to drag along in the same sluggish manner observed in the two preceding days.

More than passing attention was given to Mr. Mitten's remarks last night at Willow Grove and the fact that he had shown a hardening tendency with a relatively light volume of dealings.

In the others, American Stores surrendered a point of yesterday's 3-point rally. On the other hand, Lake Superior was given strong support.
