

Corns Go
Just say
Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

Pain Stops Instantly

FRENCH CABINET JUST 'COGNIZANT'
Refuse to Take Action on Relieving Germany of 1922 Cash Payments

SEE VIRTUAL MORATORIUM
By Associated Press
Paris, Sept. 1.—The French Cabinet today simply "took cognizance" of the decision of the Reparations Commission on the German moratorium question, neither approving nor disapproving it, specifically reserved, however, "entire liberty of action" in case later developments made other action necessary. The decision relieves Germany of making any further cash payments for the remainder of this year, but defers the moratorium issue at present.

The Cabinet held that inasmuch as no moratorium had been granted Germany it could only "recognize" the situation, but it insisted that a conference should be called, attended by "all the Allies without exception" at which the questions of interrelated debts and reparations should be fully considered. The first effect of the decision is to take the reparations question out of the hands of the commission for the present and to make it a matter for negotiation directly between the Berlin and Brussels Governments. Belgium is left to determine what guarantee she deems necessary to acceptance of the short-term notes.

Should the two countries fail to agree on the necessary guarantees, Germany then is required to deposit an unpaid sum of gold with some foreign bank approved by Belgium. It is believed, however, that a speedy agreement would be reached, as Herr Schroeder, the German spokesman, yesterday virtually promised M. Delacroix, the Belgian representative, that Germany would give any guarantees demanded. The decision also anticipates an allied conference in the near future, at which a reduction of the indemnity to about fifty billion gold marks and the settlement by cancellation of the inter-allied debts will be undertaken.

The Reparations Commission promises to consider later Germany's request for a moratorium of several years' duration. This will be taken up after a new scheme for radical reform of Germany's finances, including the balancing of the budget, is presented to the Berlin Government. The relief granted at the present time is for the purpose of giving the commission time in which to complete the new scheme of reform and Germany the opportunity of carrying it out. The commission expects that these reforms and the relief afforded by the virtual moratorium for the remainder of this year will permit Germany to float external and internal loans, the latter to be used partly to pay reparations and partly to rehabilitate the country's finances.

DYING GIRL WAS THROWN FROM AUTO, POLICE CLAIM
Doctors Say She Was Attacked.
Fourth Case in Few Months
New York, Sept. 1.—Mercedes Ramirez, pretty Porto Rican girl, found yesterday in the road at Larchmont, N. Y., after she had been attacked and thrown from an automobile, was unconscious and at the point of death in the New Rochelle Hospital last night.

The police have learned from F. McKel Delman, Larchmont, Pa., whose home the girl was employed as a servant, that Wednesday night he took her to a carnival, leaving her and promising to return. Witnesses have been found who saw the girl drive off in an automobile with three men.
Surgeons at the hospital have satisfied themselves that the girl was attacked. Her skull is fractured and her condition such that it is hopeless to operate.
Several times during the day a man called the hospital by telephone but refused to give his name, although he denied all information regarding the girl unless he disclosed his identity. The police are trying to trace these calls.
The girl is twenty-two, and has worked at the Delman place two months. Nothing is known regarding her friends or relatives.
She retained consciousness twice, for a moment or two, but her only words were, "Go away, leave me alone."
She is the fourth girl picked up under similar conditions in that vicinity since the last four months.

TOBACCO CROP DAMAGED
Lancaster County Growers Hard Hit by Storm
Lancaster, Pa., Sept. 1.—A severe electrical storm sweeping the county last night damaged tobacco in Eden and East Branch Townships, where crops had previously been hit by hail.
Lightning struck the barn of Thomas Gehring, West Concho, and destroyed it with the season's crop. The home of Daniel Fisher, at Gray, was also struck, but not burned badly. The extent of the damage to tobacco by hail cannot be estimated as yet.

GET THE PUROCK WATER HABIT

THE water habit is a health habit. The person who drinks water only to quench thirst loses its chief benefit.
Purock water has the power to invigorate the human body by dissolving and absorbing the waste tissue that is constantly forming. No other water can do this as thoroughly as Purock.
Purock is distilled scientifically, by a special process, so that not a particle of foreign matter remains. It is charged with life-giving oxygen and delivered to you in sealed bottles.

Let your drinking water always be Purock. It is more than a thirst quencher and is inexpensive.
