PEERLESS CARS

Those who buy a used PEERLESS in preference to a new car of another make when both are possible at the same price, prove conclusively that the used PEERLESS is the best value in their

They know that the used PEERLESS is better finished, is built of better materials, will last longer and give better quality service.

They believe that a new car at the same price is expensive in comparison.

We have reduced the price on a small lot of used PEERLESS Touring Cars and four-passenger Roadsters to \$1400. They are in fine mechanical condition, have been beautifully refinished and are fitted with new cord tires.

If price is a consideration and you prefer quality, permit us to prove in any manner you may suggest that these PEERLESS Cars are superior in every respect to new or used cars costing hundreds of dollars more to buy and maintain.

> PEERLESS Used Cars have been preferred to new cars selling at an equal price for the past twentytwo consecutive years.
