

WILDWOOD READY FOR BIG PAGEANT

Beating of Tom-Toms Make Resort Wild West by the Sea

GOVERNOR IS TO ATTEND

Special Dispatch to Evening Public Ledger
Wildwood, N. J., Sept. 5.—Indian chiefs and wigwags, cowboys and cowgirls and the incessant beat of tom-toms have temporarily made this place a Wild West by the sea.
Squads are strolling, the Boardwalk arm-in-arm with palefaces, without any warning signs from the big braves of their tribe, showing that peace reigns and optimism is supreme.
This is a partial glance at the setting for the historical pageant which opens here tonight for one week, under the auspices of the Wapella Tribe of Red Men. The Daughters of Deochontas are giving practical co-operation.
A program crowded with unique events promises to keep all those who happen to be at Camp Wildwood on the jump.
Chief John Turner, chairman of the pageant, will see that things are kept on the move.
Prominent men from all parts of the State will visit here during the celebration. Governor Edwards and his staff, Senators Edge and Freylinghuysen are among others of prominence who have been invited.
Following is the program:
Tonight at 8:30 o'clock, flag raising, community singing, drum solo, routine of war and smoking of calumets. Wednesday, September 6, 8:30 P. SENATE RESUMES COAL BILL FIGHT

Industrial Situation Will Probably Be Discussed at Cabinet Meeting

LEADERS BACK IN CAPITAL

By Associated Press
Washington, Sept. 5.—With the convening of the Senate and House after the Labor Day adjournment and a meeting of the Cabinet today, the Government was again centering its attention on the coal and rail situations. Returns of officials and labor leaders who left town to spend the holiday or to fill speaking engagements were expected to further bring to a focus the industrial situation after the brief lull in developments. Attorney General Daugherty, who has been absent from the capital since his trip to Chicago to institute the Government's injunction suit against the striking railway shom-men, was among those expected back.
The Administration bill to prevent profiteering in coal prices was still before the Senate today. Chairman Cummings, of the Interstate Commerce Committee, was prepared to continue his efforts to have the Senate substitute its own bill for that already passed by the House, which he has stated he believes goes outside the jurisdiction of the Federal Government by undertaking to regulate intrastate movement of coal. The constitutionality of the Senate bill also was under discussion when the Senate adjourned Saturday, several Democratic Senators raising the question.
Discussion of the industrial situation in the light of the Government's injunction suit in the rail strike, and also the virtual settlement of the anthracite dispute, were looked for at today's Cabinet meeting. The latter development is generally viewed as having very materially lightened the burden of the industrial crisis for President Harding and the Administration. Although rail entanglements are still to be faced, the Administration's policy in that regard is seen to have been definitely cast in the injunction suit.

EX-KAISER'S CHAPLAIN DIES

Dr. Von Dryander Was a Prime Favorite of Wilhelm

Berlin, Sept. 5.—(By A. P.)—Dr. Ernst von Dryander, former imperial court chaplain, died here yesterday after a prolonged illness.
Dr. Dryander for many years was a leading figure in the religious life at the German court. He was a prime favorite of former Emperor William, and both before and during the war was a staunch supporter of the Emperor. Dr. Dryander officiated at the weddings of all the children of the Imperial couple who were married at court during his incumbency.

FOR Centuries the homes of civilized people have, by means of furniture, decoration and arrangement, accurately portrayed their owners' morals, culture, tastes and refinement.

These homes represented and spoke vividly the individuality of their possessor.
Of late years there has been a tendency to embrace hectic colorings and overfurnishing. This in addition to offering a ready welcome to le dernier cri in various articles for the home—all obtained at the expense of personality and character.
A recent investigation, conducted among three hundred homes of supposedly correct furnishing and arrangement, showed less than twenty-five per cent to possess, in any degree, individuality.
Valiant's have ever sought to express, in both furniture and decorations, the individuality of their owner—to assist him in selecting such articles as will convey character and taste—and at a moderate cost.
Valiant's extend to you a most cordial welcome to visit their several departments, where a courteous and helpful service will offer you advice and assist you in making the selection you desire.

GREKS BEGIN EVACUATION OF ASIA MINOR, IS REPORT

Safety of Thousands of Christians at Stake, It is Said
London, Sept. 5.—(By A. P.)—News of the successive reverses suffered by the Greeks at the hands of the Turkish Nationalists in Asia Minor is believed here to forecast early evacuation of the entire area by the Greek army.
Indeed, the evacuation has already begun, according to the Daily Mail, which quotes Greek official circles in London as declaring the army will be out of the country within three weeks. The newspaper attributed to its Greek official informant the statement that the army is worn out with fighting.
The Daily Telegraph's diplomatic correspondent says the Greek Government notified Great Britain on Saturday of its decision to evacuate Asia Minor, including the Smyrna enclave, and asked the assistance of the Allies in arranging an armistice. It announced its inability longer to guarantee the safety of the Christian communities throughout the country or the allied nationals in Smyrna and subsequently put forward the idea that evacuation of all the Christian civilians as well as the Greek troops would be necessary.
The safety of these thousands of Christians now seems to be the chief concern of the Allies, whose warships alone, it is said, stand between them and possible annihilation.
A Greek communique reports that the Greek army in Asia Minor has repulsed and routed the Turkish Nationalists east of Brusa.

MASKED KLANSMEN MARCH, DEFYING WIZARD CLARKE

Take Part in Labor Day Parade at Atlanta Despite Ban
Atlanta, Ga., Sept. 5.—In direct defiance of orders from Imperial headquarters, fifty Atlanta Ku Klux Klansmen yesterday marched in a Labor Day parade fully masked. Hundreds of men, evidently other Klansmen, lined the streets and cheered with the shout: "Go to it, boys, Clarke can't dictate to us."
Edward Young Clarke, acting Imperial Wizard of the Ku Klux Klan, had signed an order forbidding Klansmen to appear masked except in lodge rooms. The men who disobeyed him were members of the American and Bugle corps. He is out of town.
