DRUG PRISONERS SEEK FREEDOM BY HIGH COURT PLEA

Attack Jurisdiction of Judge Monaghan in Attacks on Ring

HEAVY BAIL IS SCORED; INQUIRY MAY BE HALTED

Writs of Habeas Corpus Also Requested to Let Suspects Leave Jail

Men taken in Judge Monaghan's crusade against the drug traffic began fighting back through counsel today and attacked the aid of the State Supreme Court to block early trials.

Justice Simons and Schaffer granted writs compelling Judge Monaghan, District Attorney and Clerk of Court Sessions Cunningham to show why all the proceedings against the defendants should not be certified to the Supreme Court.

Men named in the report are on bail under charges brought by three young women, one of whom had been a pupil nurse in the hospital.

That phase of the complaint also was taken up before Judge Anderson and McCullen on a writ of habeas corpus.

Fred A. Cooke, general superintendent of county prisons, was summoned before the judges. Mr. Cooke sought the aid of Assistant District Attorney Gordon, who accompanied him to the court-room.

Mine Rescue Crew Hopes for Short-cut in Argonaut

Jackson, Calif., Sept. 11.—(By A. P.)—Discovery last night of a 120-foot stope above the 3600-foot level of the Argonaut mine may bring rescue workers directly to the final barrier of rock on this level and may cut down by several days the time required to batter through to the Argonaut Mine.

Judge Brown Requests Probe After Complaints Against the Roosevelt

Physician IS ACCUSED

The chief resident physician at the Roosevelt Hospital, Fifth street near Brown, was a pre-medical student who visited there and is employed by the Department of Health.

Physician Still at Hospital

It is understood the judges wanted personal interviews with the defendants and the court's public announcement on Saturday that the six defendants were to be denied no rights accorded to untried prisoners.

Not Denied Rights

That phase of the complaint also was taken up before Judge Anderson and McCullen on a writ of habeas corpus.

Fred A. Cooke, general superintendent of county prisons, was summoned before the judges. Mr. Cooke sought the aid of Assistant District Attorney Gordon, who accompanied him to the court-room.

Father of 16 Children Grabbed Gun When He Heard Burglar Alarm

Carl Buxbaum, seventy-four years old, the father of sixteen children, fought a revolver battle early today with three robbers whom he surprised in his wife's tailor shop at Eighteenth street and Glenwood avenue.

Buxbaum believes he shot one of the robbers. As they tumbled into the street, the three men were seen to enter a motor car and drive away.

Buxbaum begins firing. As the aged man ran into the shop the three men came from Monmouth street, Buxbaum began firing. His first bullet struck a window sash and the next went through the screen door.

Robbers returned the fire from the street, but all their bullets hit the brick wall. Meanwhile, Jacob Buxbaum had run downstairs. He took the revolver from his father and went to the street. He tried to discharge the weapon at the disappearing auto, but the mechanism jammed.

At 1 o'clock a burglar alarm near Buxbaum's bed began buzzing. He obtained a revolver and ran down stairs. Three men were in the shop, a fourth peered at the window and the fifth sat at the wheel of a motorcar parked nearby.

GOMPERS SAYS CAPITAL BUYS ITS LEGISLATION

Labor Chief Asks "When Did Slave Drivers Pay to Free Their Slaves?"

DECLARES SINCE WAR, WORKER IS FORGOTTEN

Maintains Labor is Most Misunderstood and Answers Daugherty

Atlantic City, N. J., Sept. 11.—"Big business interests buy their legislation," declared Samuel Gompers, president of the American Federation of Labor, in an address before the convention of the International Typographical Union of North America, which held its opening session this morning at the Ambassador Hotel.

"Organized labor is the militant movement which is bearing the brunt of the attack not only for themselves, but for every man and woman who toils," he continued. "There is no end to human struggle, and no royal road or shortcut to attainment. And any man who believes that unionism is not necessary, that man has no historic knowledge of the human race. Without unionism we would be unfaithful to the future."

"Before the general union movement is the greatest contribution to society for real, true patriotism of humanity and if for no other reason it should be treated well by the people and the Government."

"But the Government has not been helping," Mr. Gompers said. "The injunction asked for by Attorney General Daugherty is a power. He claims that the conduct of Government officials was atrocious."

"They are trying to deplete labor," Gompers said as he pointed upon a black sheet beside him. "Depletion means for us to eat less and haul our belts up a notch; to live in less healthful quarters and wear less beautiful clothes, and to send our children to school in ragged clothes when they want the enemies of the unions."

"The unions deserve well at the hands of the men of business and the Government authorities, for it is the unions that have made sacrifices. Instead the spirit developed during the war was over and the unions are looked upon as a burden which must be lifted."

Kipling's Criticism Stirs Indignation of Americans

Novelist Declares United States Entered World War Too Late; Forced Peace Too Soon

"They Have Got the Gold, but We Have Saved Our Souls," He Asserts

Washington, Sept. 11.—Official Washington expressed surprise today when reading the statements made upon the part which American played in the World War by Rudyard Kipling as published in the New York World interview with Charles Sheridan.

According to Mrs. Sheridan, Mr. Kipling said the war had not been fought to a finish, that justice had not been done, that Germany had not been made to pay, and the possibility of future war had not been eradicated.

"America came into the war two years and seven months too late. America forced the Allies to make peace instead of insisting upon finishing at Berlin."

"Go to France," he said, "before you go to the rest of Europe. See the great open wound. See the cause, before you judge of the effect. There you will see such industry and work as American even cannot boast. Go and see those new towns springing up, and the people coming back to their own living anywhere, everywhere, in holes in the ground, but living—working. Go and see."

Bolshevism, he argued, was the result of German propaganda. Ireland was the work of German propaganda. The anti-French sentiment in the United States was the result of German propaganda. Those who adopt the attitude that Germany is "down"

our souls? Do you think that any one of us who have fought the war—would change with one of them, for all their happiness and prosperity? Would one of us be anything but what we are today?"

PRESIDENT'S WIFE STILL IMPROVING; DEFER OPERATION

Chances Rather Favor Recovery of Mrs. Harding, Dr. Sawyer Suggests

COMPLICATIONS SUBSIDE; TEMPERATURE IS LOWER

Executive Encouraged as Patient Grows Brighter and Stronger

Washington, Sept. 11.—Improvement in the condition of Mrs. Harding, which began yesterday, continued throughout the night and the forenoon, and physicians in attendance deferred the operation which has been under consideration.

An official bulletin issued shortly after 10 o'clock today said the wife of the President had spent a less restful night, that complications were subsiding and that generally her condition, which became critical late last night, was improved. It also announces the decision to defer an operation.

The bulletin was supplemented by statements made by visitors to the White House. Secretary Wallace, who called shortly after 8 o'clock, saying that Mrs. Harding had spent a fairly restful night. Secretary Weeks, who called later, said he had been informed that the night had been the best the patient had had since her condition became alarming.

Temperature Lower

The temperature of the patient at 9:30 o'clock today, as noted in the official bulletin, was 99.2, as compared with 100.5 at 9 o'clock last night; her pulse was 96, as compared with 110 last night, and her respiration was 30, as compared with 33. These figures were said by medical experts to be quite indicative of an improvement.

President Harding was reported to be greatly encouraged by the resulting improvement today in his wife's condition.

BILLIE WESTON

New York, Sept. 11.—Miss Billie Weston, a dancer in the "Greenwich Village Follies" for the last three years, was removed from a friend's apartment yesterday suffering from a poison, self-administered.

The circumstances under which she took the drug had not been learned by the police late last night.

Miss Weston, a former model, has a divorce action which it is said her husband had started against her. His name was said to be George Schwesinger.

An attractive brunette, Miss Weston was talented and witty, too, and she "blinded" as a cabaret singer at the Palms Royal when she came from Monmouth street, Buxbaum began firing. His first bullet struck a window sash and the next went through the screen door.

Robbers returned the fire from the street, but all their bullets hit the brick wall. Meanwhile, Jacob Buxbaum had run downstairs. He took the revolver from his father and went to the street. He tried to discharge the weapon at the disappearing auto, but the mechanism jammed.

FIRE BY FURBUSH IN HOSPITAL SCANDAL

Bassouin Loutfy, an Egyptian medical student employed as a masseur at the Philadelphia General Hospital, and accused by a young woman who said he flirted with her when he was visiting the Roosevelt Hospital, was dismissed by Director Furbush this afternoon.

"I don't want a man connected with the hospital who is mixed up in a mess like this," said Dr. Furbush, Dr. Joseph C. Doane, medical director and superintendent of the Philadelphia Hospital, made an investigation of the charges. Loutfy denied them and said he was being made the "goat."

HINTON DELAYED BY NEW ENGINES

PORT AU PRINCE, HAITI, Sept. 11.—Lieutenant Walter Hinton, who is making a flight from New York to Rio Janeiro, received his new high-power engines today from the aviation service of the United States Marine Corps. Their installation will delay Lieutenant Hinton's departure until Wednesday, when the aviator plans to start for Santo Domingo City.

R. R. UNION CASE PRESENTED

By EDWIN J. POLLOCK

Two inter-collegiate players faced foreign admirers on the center courts of the Germantown Cricket Club, Manheim, in the third round of the national singles lawn tennis championship, at 1 o'clock this afternoon.

Lucien Williams, college champion from Yale, met James O. Anderson, Australian in the opening match, and a few seconds later, W. W. Ingraham, of Harvard, opposed Gerald E. Patterson, Wimbledon champion, from the "under side" of the court.

Williams is conceded a chance to win against the Antipodian star. He was the young man who led the Harvard-Kale forces so successfully against the strikers' fight in England this year, and he made such an impression upon the Britons that, abroad, he is hailed as a national hero.

Anderson has been showing fairly good form in the tournament to date, but he was forced to his best to eliminate Sydney Taylor in the first round, and in the second, he was given a terrific battle by Kirk Reid, of Cleveland, and won only after a 4-7, 9-7.

Reid has set point in the second frame, which shows how closely the Australian was pressed. Ingraham and Arnold Jones, of Yale, holds the National Union Doubles title, but it is scarcely likely that he will have much of a chance against the speedy service and blinding overhead game of Patterson. Ingraham will be a spectator after today.

Another thriller should be produced in the Pat O'Hara Dood-Willis E. Davis match, which starts on a center court at 2:30 o'clock. Wood is one of the handpicked and placed stars of the "under side" of the court.

Called Strikers' Acts Unlawful

Mr. Ribbing, lawyer of R. M. Jewell, president, and John Scott, secretary-treasurer of the railway employees' department, American Federation of Labor, called attention to the motion he filed Saturday asking dismissal of the injunction so far as it relates to his clients, and said it should take precedence over the Government's motion.

Style Artists Decried Bobbed Hair and Short Skirt Must Go

Chicago, Sept. 11.—(By A. P.)—The reign of the bobbed hair at an end and in place of her abbreviated skirt, exposed knees and bobbed hair will appear a graceful, long-skirted figure, with her gown hung on her head and pink ears showing, according to members of the Fashion Art League of America, in convention here.

The advance guard of the style makers, who are the ones to be followed by the rest of the fashion creators, dress ideas they have in gowns, wraps, suits and other women's apparel to be displayed for a time at the Fashion Art League, president of the League, promises some alluring departures in feminine costume.
