PERSONALITIES

PERSONALITIES
It may be safely predicted that the cycle will be resumed next year, and that concerts will be given throughout the entire summer, beginning in May or June. By that time, it is to be hoped that seating accommodations at Lemon Hill will be increased, and the band shell improved.

On Civil Service Development
The practical application of the principle of civil service to the employment roster of the city has raised the standard of the men thus employed very materially.

Incumbents Were Protected

Incumbents Were Protected
This action did not interfere in any way with the positions held at the time the act was passed, because there was in it a provision to the effect that all incumbents should be considered as having taken the examinations provided for in the act and to have passed them.

Now for coal distribution. Chute!
Consistency in a Jewell should not be a compromise. Some communities preserve their shrines. Some can't.

United States crops this year will be bigger than ever before and the task of moving them is going to be greater than ever.

United States crops this year will be bigger than ever before and the task of moving them is going to be greater than ever. It really begins to look as though the cellerman will have to rearrange his horse brew in order to make room for his coal.
