

Little Benny's Note Book

By Lee Papp

I had 4 medium size nales in my pocket yesterday and after supper I was taking a walk with pop and asking him different questions without pop answering on account of him thinking to himself about something, and I took the nales out of my pocket to see if they were still there and one of them suddenly dropped in back of pop and pop quick turned around and looked and stuck his hands in his pockets, saying, "Wat the dooce was that, did you hear any money drop, Benny?"

No sir, I sed. Nos saying wat I did hear, and we kepp on waking, pop saying, I lose more darn money throo holes in my pockets that I dont know anything about. And he started to feel in all his pockets and jest then another sale dropped on perpose on account of me dropping it, pop saying, Confowed it, Im sure I herd it that time.

And he started to look all erround, saying, I dont see anything, its very funny.

Wich it was, ony pop didnt know why, and we started to walk agan, me feeling sorry I ony had 2 more nales, and pritty soon I dropped another one, pop saying, There, did you hear any money drop that time?

No sir, I sed, and pope sed, Are you left or wat? and I sed, I bet you a dime none dropped, do you want to bet, pop? Being a good chance to make a dime, and pop sed, How can I bet on something we cant prove? and I sed, Well if I can prove they was nales insted of money do I win the dime?

Wat? pop sed. Sir? I sed. Open that hand, pop sed. Wich I did, and wat was in it but the last nale, and pop made me keep on dropping it and picking it up for 5 more blocks, taking all the fun out of it and giving me a fearse tired feeling in the back. Proving bisnis and pleasure dont mix.

Be Careful What You Wash Your Child's Hair With

If you want to keep your child's hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided coconut oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply put two or three teaspoonsful of Multisided in a cup or glass with a little warm water, then moisten the hair with water and rub it in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Multisided coconut oil shampoo at any drug store. It is very cheap, and a few ounces is enough to last every one in the family for months. Be sure your druggist gives you Multisided.—Adv.

When a Man Wants a Suit of Clothes

he doesn't want to have to "shop 'round." He wants to be able to go straight into a store, tell the clerk the sort of a suit he needs and the price he thinks he should pay, find his size and, likely as not, walk out with the suit in a box under his arm.

That's Exactly What a Man Can Do With These All-Wool Wanamaker Suits at \$25

in the Down Stairs Store for Men, on the Gallery, one flight down from Market Street.

Because they are Wanamaker suits they are absolutely all-wool by actual chemical test and will give the service that only all-wool clothing can give. The styles are conservative—the sort solid business men select. Patterns and colors are good, including plain blues and desirable indefinite mixtures. Weights are right for now and later.

Separate Trousers, \$5 and \$7.50

Large assortment of separate trousers in patterns and colors likely to "match up" with a man's last year's coat and vest. All all-wool.
