

WOMEN LINING UP TO HELP PINCHOT

Mrs. E. B. Melick Reports New Voters Are Doing Good Work for Republicans

HAS MADE TOUR OF STATE

Male politicians gradually are learning the value of women as vote getters, says Mrs. E. B. Melick, field secretary of the Republican State Committee, who has just completed an up-State organization tour.

Meanwhile, in the great majority of counties, the women are taking advantage of this new viewpoint on the part of the men, Mrs. Melick says, and rapidly are perfecting their organizations and forming Republican women's clubs to co-operate with the State Committee, of which Mrs. Barclay H. Warburton is vice chairman.

During her tour Mrs. Melick helped organize the women of York, Lancaster and Luzerne Counties, and also visited Columbia, Northumberland and Mifflin Counties. In York and Lancaster she was instrumental in getting large numbers of women to give receptions to Clifford Pinchot during his visits to those cities.

Speaking of the up-State situation among the women, Mrs. Melick said today:

"The women of the State are showing much greater activity than before the primary. More than one-half of the counties have given them representation on the Executive Committees.

"Nearly everywhere the men are recognizing their value as vote getters and are learning they are valuable adjuncts to the party. At the same time the women are becoming aware of the fact that all politicians are not crooks, and that the organization leaders are not trying to put something over on them. This co-operation, of course, tends toward increased efficiency in party organization.

"Mrs. Melick also said that the desire to 'finish the job of making Pinchot Governor of Pennsylvania' was giving great stimulus to the women leaders."

POLICE SEEK EVIDENCE WHILE COUPLE CARESS

Husband Won't Assist Prosecution in Charge Against Mrs. Bowman

Huntington, W. Va., Sept. 21.—(By A. P.)—While police sought additional evidence on which they hope to convict Mrs. Laura Price Bowman on a charge of plotting to kill her second husband, L. F. Bowman, the couple were tenderly caressing each other last night at the home of a friend, where the woman is being observed.

Bowman said he was worried over his wife's condition, and the meeting was arranged at his request. When Mrs. Bowman saw him she leaped and threw her arms about his neck. She told of her love, hospital attacks said, and begged him to aid her in her plight.

Bowman has changed his plan to "let the law take its course," guards at the institution said, and when he departed he tearfully said he would "do nothing to aid the prosecution."

Bowman expressed the belief to attendants that Mrs. Bowman was perfectly sane, but he added, "she may have been temporarily unbalanced when she is said to have plotted to take my life."

Our Oldest Employee Has Served This Firm Since Its Beginning

Among the boys in blue who marched away in 1862 was a young man who enlisted in the Fifteenth Pennsylvania Cavalry, served his country three years, and in 1865 entered the employ of Justus C. Strawbridge at this corner. He was retained when the partnership with Isaac H. Clothier was formed in 1868, and was very highly regarded by the founders.

Wilfred H. Keely, Head Cashier

—Was trusted with important accounting and financial duties from the beginning. For many years he has been our chief cashier, and has always enjoyed the fullest confidence of the firm. Satisfaction that goes with owning an ESTEY

The one main thing to consider in selecting a piano is—will it give satisfaction?

You may be considering a piano or player-piano that is pleasing to your eye and that meets your approval in tone, but if it is an instrument that is going to be constantly out of tune or out of order, it will not be a source of much satisfaction.

The ESTEY is a piano of lifelong satisfaction. Its cabinet work will not be pulling apart in damp weather. It will not lose its beautiful mirror-like finish. Its keys will not be constantly sticking. It will not require tuning every whip-stitch.

The ESTEY piano is dependability itself. Once you have placed an ESTEY in your home, aside from a tuning once a year, which every good piano should have, and an occasional polishing, it will not give a moment's bother in a lifetime of use.

Walter-Mignon Reproducing Pianos, Player-Pianos and Estey Organs, Victor Victrolas, Sonora Talking Machines, Cheney Art Phonographs and Victor Records.

ESTEY—best-known musical name in the world. More than half a million pianos and organs have been made and are in use in every country on the globe.
