

SARAH D. LOWRIE'S SATURDAY EVENING TALK

One Should Sympathize in Joy as Well as in Sorrow

SOMETIMES one hears the expression, "a Christian gentleman," and one wonders how a person who is a Christian is exempt from being a gentleman. That is, one really is a Christian in the sense that he is a Christian in the sense that he is a gentleman. If he isn't a gentleman he really falls of being a Christian. Just as much as though he were a Jew or a Hindu or a Moslem, if you can't be a gentleman who is not a Christian, but I fail to see how a man can qualify as a gentleman, if you can't be a gentleman who is not a Christian. You are not a gentleman; you are certainly justified in thinking that he is also not a Christian. For certainly the code of manners which the New Testament inculcates, first through the example and teachings of the Founder of Christianity, and then through the example and the words of His disciples, is the code that is accepted in Western civilization as the best manners in the essentials of human behavior.

One does not need a book of etiquette to feel certain as to what is expected of him or to feel self-conscious about his way of doing things. It is the thought which is the real test, and at the same time the real help. It is the thought which is the real test, and at the same time the real help. It is the thought which is the real test, and at the same time the real help.

What I know people who are good at sympathy and not a sympathy for nothing. And we all have friends that come into a house of mourning perfectly at ease and feel at home, while a stranger who is not a friend of the family, who is not a friend of the family, who is not a friend of the family.

It is a pity that many people do not know how to be a friend. It is a pity that many people do not know how to be a friend. It is a pity that many people do not know how to be a friend. It is a pity that many people do not know how to be a friend.

When you're fourteen, you're not a man, you're not a woman, you're not a child, you're not a man, you're not a woman, you're not a child, you're not a man, you're not a woman, you're not a child.

NITA NALDI

As far as he is concerned, I believe the producers are making a mistake in continuing him in strictly romantic roles. I believe that he would swing out of our feet if they could get him a series of stories where he could be only young, full of irrepressible, irresponsible, bubbling, reckless, lawless youth, with a sense of lawless humor and a devil-may-care contempt for everybody.
