

N. Y. REPUBLICANS NOMINATE MILLER

Governor Named for Second Term by Unanimous Vote of Convention

DEMOCRATS IN HOT FIGHT

Albany, N. Y., Sept. 28.—Governor Nathan I. Miller was renominated unanimously by the New York Republican State Convention today.

In a speech commending the nomination of District Attorney Dana C. Wallace of Queens, and it would not be long before the Governor changed his residence "from the capital to the Hudson to the capital on the Hudson."

The determination of Secretary of State John J. Lyons to seek a re-nomination on the floor of the convention in spite of the opposition of State leaders seems to have been a factor in the complete harmony. Some leaders were hopeful, however, that a last-minute settlement of the problem would be found.

Any such settlement would nullify the withdrawal of Secretary Lyons, inasmuch as the leaders appear determined to nominate Samuel J. Joseph, a lawyer of the Bronx, for the post of Secretary of State.

Syracuse, N. Y., Sept. 28.—By a 2-1 vote the Democratic delegates of the State coming into session for their convention here today "unity government" became a dominant feature for every one from Charles F. Murphy, Tammany Hall leader, down to the State.

There were no announcements that a compromise had been reached by which some ticket could be secured. It was a bit, but as plans for the opening of the convention were completed there was a distinct change in the atmosphere.

The new development, however, on a conference which began here today in the Manhattan Hotel, between William A. De Ford, chairman of the Murphy-Hayden, Davis, S. Harvey, assistant campaign manager for Harvey, and Murphy.

The conference was held in a room which had been reserved for the purpose of holding a meeting of the party.

Most from the possible result of the conference, the party among delegates continued that the "unity ticket" of the convention in the person of Harvey and Smith had been secured.

FORD PRESIDENTIAL BOOM REVIVED IN MICHIGAN

Democratic Convention Asked to Indorse Him for Candidate in 1924

Bay City, Mich., Sept. 28.—B. A. P.—A proposal to indorse Henry Ford for the presidency of the United States in the 1924 general election was proposed for presentation to the Michigan Democratic Convention of the Democratic State Convention here today.

What the fate of the proposal would be in the Republican Convention, which here would attempt to forecast.

The resolution is understood to call attention to the fact that the French "old man" has been a "big" name with the country.

The convention will be held at the Bay City Hotel, and the date for the next State election is fixed for a platform and campaign efforts in the right direction will be made.

Michigan will be the first State to indorse Ford for president.

Woodbridge N. Ferriss, former Gov. of Michigan, and other delegates to the United States Senate are expected to be members of the convention program.

Outstanding Features in N. Y. Conventions

The renomination of Senator W. D. Calder and a State ticket satisfactory to the Governor are forecast.

A bitter fight between W. R. Hearst and former Governor Smith, both of whom are seeking the Democratic nomination for Governor, is forecast in the Syracuse Convention. A compromise candidate, Mayor Lamm, of Schenectady, is mentioned.

NEW JERSEY ISN'T SO WET AFTER ALL

Weakness of Anti-Prohibitionist Forces Revealed by Primary Election

RECORD LOST ALL COUNTIES

New York, Sept. 28.—Out of the New Jersey primaries Tuesday, in which Senator Joseph S. Frelinghuysen outdistanced his rival, George L. Ross, some observers, in the form of final returns, are convinced that New Jersey is not so wet as it is generally supposed to be.

Somewhat the strong wet sentiment expected to come to the support of Ross and Frelinghuysen, in the primary election, did not materialize.

And in addition to this sentiment came the defeat of candidates for office offices who had confidently expected victory because of their avowed opposition to the Volstead Act.

Having gained the Republican nomination for United States Senator by Senator Frelinghuysen, an ardent friend of President Harding and one of his most trusted advisers, must face Governor Edwards on Election Day.

The issue can be no other than that of straight out and out vote for the immense personal popularity of Governor Edwards is certain to provide Frelinghuysen with the largest right of his career, namely, Republican though New Jersey may be.

Followers of Edwards assert that the principal wet strength is in the Democratic Party and did not show itself because there were few contests on the Democratic ticket.

With only 150 voters missing out of the 240,000 in the State, the margin showed last night that Frelinghuysen had 101,233 votes to Ross's 102,767.

The extent of Ross's defeat was apparent yesterday when it became known that he had been unable to capture a single one of the twenty-one counties in the State.

Senator Frelinghuysen will begin his active campaign against Edwards at once. Tomorrow he will announce his platform and begin early next week to stamp the State as he did against Ross.

WHY PAY AS MUCH AS \$400

for any Player-Piano, if you can buy a new, high-grade and guaranteed instrument for less, on easy weekly or monthly payments, with several dozen music rolls, a bench and cabinet thrown in?

A well-made Player-Piano, if carefully handled, will last from 25 to 35 years and be a constant source of pleasure and entertainment to its owners.

The Cunningham Player-Piano is manufactured with the celebrated REO-STYLE patents owned and controlled exclusively by us, in our modern, well-equipped factory. So perfect in construction is this instrument that a child can play with all the expression of the master composer himself.

Every Player-Piano we manufacture has a double valve action and metal tubing. Do not let anybody talk you into buying an instrument with a single valve action, as it has not the power or endurance—if it had, why should we spend twice as much money in developing a double valve action?

The very fact that for over a quarter of a century we have been offering \$10,000.00 for a better piano than the MATCHLESS CUNNINGHAM should be sufficient proof of its quality!

All our instruments are priced from 20 to 30 per cent. lower than any dealer any where (whether large or small) can afford to sell. Terms arranged to suit the purchaser.
