HIGH COURT STANDS PAT

Supreme Bench Refuses to Interpret Its Decision Further

Washington, Oct. 9.—(By A. I')—
By direction of the Supreme Court,
William R. Stansbury, its clerk, today notified George H. Paine and three others, who described themselves as "citizens of the United States." that the court would not undertake to interpret its decision in the United Shoe Machinery case, rendered at the last finery.

Francis de Sales Church at 10 o chock.
Mr. Donner was sixty-nine years old in September. He was born in Germany, coming here when a young man, with his brothers and cousins he was among the pioneers in the refining of sugar, and for forty-five years was connected with the Franklin Sugar Refinery. Washington, Oct. 9 .- (By A. P.)

Paine and his associates asked a modification of the decision with respect to certain forms of leases used by the corporation which the court held to be invalid. Their request for a review of the decision was filed in behalf of the "consuming public." and alleged that unless the opinion was given certain constructions by the court, it would work a hardship upon shoe manufactur.

Simple finery.

James O'Donnell
Hall, who died hast Friday, will be burled tomorrow morning from his home, 2349 East Clearfield street, Solution of the Nativity, after which interment will be made in New Cathedral Cemetery. Mr. O'Donnell Hall, who died hast Friday will be made in New Work a hardship upon shoe manufactur.

TROLLEY PROBLEMS SCHOOL BOARD CONSIDERS ELLIOTT HOUSE SUPPORT DISCUSSION TODAY Advisability of appropriating \$4800 a

year toward maintenance of the Elliott House, 1823 Wallace street, will be considered by the finance committee of the Board of Education this afternoon.

The Elliott House is a place where children guilty of minor offenses, not serious enough to warrant a committal to a reformatory, are sent by the Municipal Court. In the past it has been supported by Barclay McFadden.

Mr. McFadden appeared before the Board of Education at its last meeting before the summer vacation, and requested that the board contribute \$4800 a year toward the support of the house. Various Societies Take Part in Sessions at the Engineers' Club

DINNER PLANNED AT NIGHT

Knotty problems in connection with street railwas with regard to the streets upon which they run were discussed today at a conference in the Engineers' Club, 1317 Spruce street.

Co-operating with the Engineers' Club will be members of the American Society of Civil Engineers, American Electric Railway Engineering Association, American Society for Municipal Improvements, and Society of Municipal Engineers. At the first meeting of the board this fall. Mr. McFadden repeated his request, saying he is unable to continue supporting the house unaided. Pending the decision of the board, Elliott House

al Engineers.

Sessions began at 10 o'clock. John Meigs presided. Subjects were "Location of Utilities in the Street," and "Design of Street Railway Structure." Discussions were held by addresses or communications by R. C. Cram. Jacob Schmitt, of Brooklyn; H. H. George, of Newark, John A. Griffin of Los Angeles and W. W. Wysor, of Baltimore.

The afternoon session, starting at 2 o'clock, will be presided over by W. H. Connell. Subjects, "Paving and Drainage of Streets for Street Railway Traffic," and "To What Extent is Paving Affected by Street Railway Tracks?" Discussion led by addresses or communications from Ellis R. DEFINITE Demonstration of Reed's Value Giving \$15 in Men's Suits at . .

This week we are specializing on our wonderful values in Fall Suits at \$45. In planning for the season's business we decided to feature \$45 Suits, and are now ready to present an assortment at that price which we know is not equaled elsewhere.

The fabrics are splendid qualities of unfinished worsteds made by one of the most reliable mills of America-pencil stripes and neat conservative patterns.

¶ The Models are our "Universal" and "Stanerek," which by their diversity of styling will meet the requirements of men of different physical build. Sizes 34 to 48 in Regulars, Shorts, Longs and Stouts, and all the garments are made in accordance with the exacting demand of Reed's Standard of Tailoring.

¶ Special window displays of these \$45 Suits will be a feature this week.
