Cuts Down Trees Level With Ground Leaves No Stump

You Can Saw 35 to 50 Cords a Day with the OTTAWA

Thousands of farmers, lumber concerns and loggers are cutting down trees and sawing up logs and branches with this One-Man Power Outfit at low cost of 15¢ a cord. The OTTAWA does away with all the old-time, hard, back-breaking work of cross-cut sawing or logging logs to a circular saw. Does work of 10 to 15 men.

Beat the Coal Shortage! This winter will be the greatest fuel shortage ever known. The only solution is the use of wood in larger quantities than ever before. And this is the only fuel for which at this time of general dearth a practically certain supply exists. The farmer or stockman who delays plans for supplying wood for fuel will see a sharp rise in prices. If you need to help your neighbors prevent suffering and at the same time make big profits, get an OTTAWA Log Saw right away. Be sure to send your name and address on the coupon attached and get full information and our Special Offer. Send today!

Friction Clutch Lever controlled, enables you to start and stop saw blade without stopping engine. Saves time and provides absolute safety in moving saw from log to log and from cut to cut along the log! No dangerous swiveling of the saw blade in the air. Mounted on wheels; easy to move on any ground.

OTTAWA MANUFACTURING CO. 115 West St., Ottawa, Kansas

writes the Ottawa Manufacturing Company of Ottawa, Kansas. "That is why we advertise consistently in THE COUNTRY GENTLEMAN.

"Our experience has proved that when one of its subscribers buys an Ottawa Log Saw a sale to a neighboring farmer is a natural result.

"Also the inquiries produced by THE COUNTRY GENTLEMAN lead all others in the size of orders.

"Our advertising in THE COUNTRY GENTLEMAN has paid us better as we increased space and used more frequent insertions."

"The superior character of THE COUNTRY GENTLEMAN'S readers has been apparent ever since we began using its advertising pages in 1918 and was especially outstanding during the recent depression."
