Road Rolling the Public!

What do YOU think about it?

Fifteen members of Council have passed the Taxicab Monopoly Ordinance over the Mayor's Veto.

Fifteen Members of Council have voted against Better Taxicab Service and Lower Rates in Philadelphia.

Fifteen Members of Council have voted against the Public and in favor of the Taxicab Trust.

The "Fatherless Joker" in the Ordinance will enable property owners at congested traffic points to sell to the Taxicab Trust the use of the city streets and to make the public pay higher rates.

Why these Councilmen should favor Monopoly at the expense of the Public we do not know; but the real authors of this vicious legislation have what they think is a Reason.

Prior to March 21, 1921, when YELLOW CAB started, Philadelphia had the worst taxicab service of any large city in America, - dirty cabs, indifferent chauffeurs, exorbitant rates. There was no service available except at the railway stations and hotels.

YELLOW CAB reduced the rates at once from 70 cents for the first mile and 40 cents per mile thereafter to 50 cents for the first mile and 30 cents per mile thereafter. Further reductions have been made until today YELLOW CABS carry you at the rate of 25 cents for the first 2/5 mile and 10 cents for each 2/5 mile thereafter—at the rate of 25 cents per mile. This is the lowest rate on the Atlantic Seaboard.

YELLOW CAB gave you clean cabs and decent courteous American citizens as chauffaurs. You can trust your wife or your growing daughter in a YELLOW CAB, day or night with no fear for her

The Public appreciated real taxicab service and gave us its business.

YELLOW CAB CO. today employs more men, operates more cabs and carries more passengers than any other Philadelphia company. It is rendering service everywhere in Philadelphia.

The Taxicab Trust has Exclusive Privilege Contracts with the largest hotels, giving its cabs the Exclusive Right to stand at their doors on the public streets-YOUR STREETS.

YELLOW CAB CO. has been offering its service at these same hotels and the public has used it. The Tax. Trust now calculates to render competition impossible, to keep YELLOW CABS from the business district and force you to pay higher rates for Taxi Trust cabs, because you can get no others.

The Real Reason for the Ordinance is a desire to Punish YELLOW CAB CO. for Improving Service and Reducing Rates and to Punish the Public for using YELLOW CAB Service.

The Ordinance is a Disgrace to our City. Its purpose will not be fulfilled. YELLOW CABS will remain on the streets. If they cannot stand along the curb, they will keep moving. You can hail them, and they will draw to the curb at your signal. YELLOW CAB rates will be further reduced, notwithstanding the Ordinance. Reductions will come with the increased volume of business, which we know you will give us.

The Taxicab Trust was afraid to come out in the open and sponsor the Ordinance. It works in the dark, but the Public Cannot be Fooled!
