Watch the Man

Millions of wives have taught their husbands how to fight the film on teeth

Men who smoke find that tobacco stains the film on teeth. Food will also do it. If that film is not removed, teeth look

But millions now have found a way to daily combat that film. You see the results in glistening teeth wherever you look

Let the man in your hame make this test, if he does not know this method. Then watch the results. You will find the way to bring your entire family, effects which all desire.

All must fight film

Your teeth are conted with a viscous film. Feel it with your torque. It clients to teeth, gets between the teeth and easy a. Stains discolor it, then it forms coats. Tartar is based on film.

No ordinary tooth parte effectively combats film. Old ways of prushing left much of it intact. So as pretty teeth and as safe teeth were seen less often than

The New-Day Dentifrice

Based on modern research, to meet five new requirements

and avoid some old mistakes. Now advised by leading den-

tists the world over. All druggists supply the large tubes.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. It forms a breeding place for germs. They, with tarter, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. Under old methods they constantly increased until very few people escaped them.

Now people combat it

Dental science, after long renearch, has found two ways to agit that him. One acts to cu. dle film, one to remove it, and without any harmful scouring, Able authorities have proved there ways effective. Now leading dentists the world over are advising their daily use. Careful

people of some fifty nations are following A new-type tooth paste has been cre-

ated. It brings five new desired effects

and avoids some old mistakes Those two great film combatants are embodied in it for daily application. The name of that tooth paste is Pepsodent.

Other aids to Nature

Pepsodent also aids Nature in other important ways. It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

Pepsodent, with every use, gives manifold power to these great tooth-protecting agents. Old-time tooth pastes brought just opposite effects, because of soap and

It also polishes teeth so film less easily

Thus, all the world over, there is coming about a new era in dental hygiene.

Think What Added Beauty Comes from Pretty Teeth

Pepsodent brings to women added beauty, added charm. Nothing adds more to a woman's looks than pearly teeth, free from cloudy film. To children it offers a vay to combat the troubles which you may have suffered.

To men it brings these glistening teeth you see everywhere today. To all it brings protection which old ways never brought.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the

film-coats disappear.
Even one week will show you benefits you would not go without. Cut out the coupon now. This is too important to forget.
