

RAIL BOARD'S WAGE RULING CRITICIZED

A. O. Wharton, Minority Member, Says Decision is Fallacious and "Contains Untruths"

"LIVING WAGE" ANALYZED

Chicago, Oct. 31.—A. O. Wharton, one of the three members of the United States Railroad Labor Board, whose dissenting opinion on the wage decision for maintenance of way workers...

It speaks of the cost of living, but it does not explain how a laborer can support himself and family on \$51 a month.

Increase Only 16 Cents a Day. It does not explain that the limitation pay increase it granted means only sixteen cents a day for each man.

It says nothing of the poor men who live in shacks, boxcars and boxes set up on four posts.

It openly urged the majority to have an unbiased committee sent into the sections where these laborers live to find out the truth about their living.

The majority tries to make the public believe that I would have laborers receive pay on which they could buy an automobile this year and an airplane next year.

I ask only that a man receive pay that brings decency with it, that Americans be enabled to live as Americans and enabled to live in respectability in their own environment and according to their own lights, not in the environment of the wealthy.

The majority states the average wage for these men on the railroads is twenty-five cents an hour and thirty-seven cents an hour. Then it says that the twenty-five-cent men get more pay than the thirty-seven-cent men when considered in relation to living conditions in the respective territories.

The twenty-five-cent men are mostly Negroes and Mexicans so the majority admits that it gives these Mexicans more pay than it gives native born Americans. How can the majority justify that?

Labor Asks Only Decency. The majority does not distinguish between pauperism and opulence. It pretends that what labor terms a living wage means opulence. Labor doesn't ask opulence. It asks only American decency.

The majority charges that the minority in a dissenting opinion last spring had advised the employees to strike against the decision of the board and had issued incendiary arguments to the employees.

When we wished to make our position clear publicly we were refused the right of official publication.

The majority apparently wished to keep pushing wages forever downward with no thought of the consequence.

CHURCH URGES HEALTH PROOF WHEN MARRYING

Chicago Diocese Advises Instruction in Sex Problems to Young

Chicago, Oct. 31.—(By A. P.)—Medical certificates would be required from all men who marry in the Episcopal Church who marry in Chicago, under the terms of a resolution adopted at a meeting of the rectors of the diocese yesterday.

The resolution, which also provided that problems of sex be taught in Episcopal Sunday schools, was adopted after Dr. Herman N. Sundeisen, Health Commissioner, addressed the meeting.

"Errors of omission are worse than errors of commission," he said. "I am doing all I can from a public health standpoint. What are you going to do about it?"

Bishop William T. Sumner, of Portland, Ore., who headed a vice commission years ago in Chicago, also spoke, supporting the stand taken by Dr. Sundeisen. The resolution adopted read as follows:

"We urge upon all the clergy of the diocese of Chicago the duty of requiring health certificates from all couples about to marry. We also urge instruction in sex knowledge to young people under our charge."

HUSBAND, 90, IS CLUBBED TO DEATH BY HIS WIFE. 60

Chicago, Oct. 31.—Isaac Glick, ninety years old, blind and feeble, was clubbed to death yesterday by his wife, Mary, who is sixty. She wrenched out the leg of a heavy chair and used it as a weapon.

Neighbors, aroused by screams and a sound of fighting, saw the woman beating her aged spouse. When the police arrived, Mrs. Glick said she and her husband had quarreled over insurance and that she struck him in self-defense.

HARDING'S GREAT TASK

In a two-day editorial, attention was called to the burden the President has called upon the nation to bear in the present crisis. It is the task of the President to lead the nation through this crisis. The President's task is to lead the nation through this crisis. The President's task is to lead the nation through this crisis.
