It Seems That Everyone Realizes Buying Winter Things Can't Be Put Off Any Longer

It Is Not Extraordinary **Circumstances or Rich Friends** or large capital that create the golden opportunities of life.

It is something in the person that thinks and gets an idea, and seizes the first possible moment to do what he can toward developing it. He may not reach the goal he wishes. One must harden at his work, prove his honesty and ability, and keep steadily on until he reaches the goal.

Mr. Courboin's Second Organ Recital of the Fall season will take place Friday evening, November 10th, and tickets will be ready tomorrow. They will be given to those who apply at the Concert Bureau, Main Floor, near the Juniper Street motor
