### **SAYS** THAT HAGUE IS EDWARDS' BOSS

Frelinghuysen Says New Jersey Democrats Are Shackled

Hackensack, N. J., Nov. 3 .- "The Democratic Party in New Jersey is handcuffed to a political boss more astute, more resourceful than Murphy tute, more resourceful than Murphy Tweed or Croker." declared Senator Frelinghuysen, Republican candidate for re-election, in his address last night The Senator said that "Governor Editor, the Board of Education has retion, the State Department of the State Department of Public Instruction, the Board of Education has retion, the Board of Education has retion and the Board of Education

"The best definition of the issue beween my opponent and myself in this campaign was made the other day by a workman in one of New Jersey's busy factories. The Democratic candidate had just finished a blanket denunciation of the protective tariff when this worker, who knew his high scale of wages was dependent upon protection of the glassware he made against the competition of German glass, was heard competition of German glass, was heard to growl to himself. The Governor wants to bring back beer, but he doesn't want us workingmen to have any mone

to buy it with. Why does Governor Edwards n institute an immediate investigation the many and scandalous charges the expenditures of the Highway Con mission that are being made both within and without the State? Can be take one official step without orders from his superior?

"A Governor who will admit on a public platform that he knows 3000 instances in which the law and the Constitution are being violated in one county of his State and to whom it never occurs that it is his sworn duty to give his information to his public prosecutors that they may take action cannot be expected to go out of his way to prod the Attorney General to action in the highway investigation.

Mount Holly, N. J., Nov. 3. A con-Tury with municipal efficials from all sections of the county was conducted here yesterday to discuss means of en-forcing prohibition laws. County Judge Wells acted as stokesman for the Grand Jury and urged teamwork among the officials in the enforcement of the law. The conference is said to have re-sulted from speeches made by Governor Edwards in his canonical tour of Bur-

sulted from speeches made by Governor Edwards in his campaign tour of Burlington County. The Governor was quoted as saying there were 2000 illicit stills in Burlington County. When that was reported to the Grand Jury a request was made upon the Governor to furnish the Grand Jury with whatever evidence was in his possession. The Governor replied he had been missured.

The Grand Jury, it was said vester-day, had indicted forty persons for var-tous violations of the Prohibition law
