Rheumatism!
Sloan's
Danishing pain
by reducing congestion.
Millions are now using this simple treatment to stop pain. Sloan's, applied without rubbing, penetrates and produces a warming sensation. It stimulates new, fresh blood to and through the aching part. This breaks up the congestion, and since congestion has caused the pain—quick, grateful relief follows.
The world over, Sloan's stops rheumatic twinges and muscular aches. It cures aching back and sharp, nervous pains. Good, too, for colds in chest.
Sloan's Liniment—kills pain!

Breathing of Italy
IN LINE and design a fixture that represents all that is best in Italian art—a fixture that emphasizes the beauty of Rococo furniture—of Florentine decoration. In beautiful polychrome tints, suave Etruscan, dignified Swedish iron finish. In short, a fixture that reflects the exquisite taste of the owner.
Priced as Biddle-Gaumer always price—in moderation.

RAIL UNIONS ASK WRIT BE VACATED

Motion Alleges Strike Conditions Complained Of No Longer Exist

U. S. OPPOSES THE MOVE

Chicago, Nov. 7.—Opposite views on the present status of the shop crafts strike were presented yesterday before Federal Judge James H. Wilkerson, counsel for shopmen, contending that the strike no longer exists, while Blackburn Estelne, Assistant Solicitor General, representing the Government, filed affidavits that the conditions complained of when the bill was filed still exist.
Further hearing of the case was continued until Wednesday morning, when Mr. Estelne will resume his argument and denial of the five points on which Donald R. Richberg, attorney for the shopmen, sought dismissal of the temporary restraining order.
Mr. Richberg outlined his position as follows:
"The present restraining order is addressed to circumstances that are now non-existent."
"The order has an illegal extra-territorial effect."
"The order now is unnecessary to protect property, as Federal injunctions to that end are in force in all Federal districts."
"No harm can be accomplished by dissolution of the present order, as the bill will remain on file and the Judge can reopen the case whenever conditions warrant."
"It is evident that in all probability no permanent injunction will be issued because of settlement of the subject matter complained of in the bill."
Because of the fact that about 125 railroads have signed agreements terminating the strike and that the settlement of the strike now is up to the chairman of a system federation and not the national officers of that organization, Mr. Richberg argued, further continuance of the injunction "is useless and discreditable to the administration of justice."
Unquestionably denying that acts of violence, intimidation and destroying of railroad property have ceased, Mr. Estelne charged that numerous disorders occurred in October and now are being reported almost daily. The probability that contempt proceedings will be instituted against the defendants was hinted by Mr. Estelne.

ZEPPELIN KEEL LAID IN GERMANY FOR U. S.

Completion of Dirigible is Expected in August, 1923
Friedrichshafen, Germany, Nov. 7. (By A. P.)—The keel has been laid for the giant Zeppelin to be built here for the United States Government under the contract signed on June 26. A number of construction details are still awaiting decision following requests made by the commission of experts acting for the American Government.
Among the pending questions is one as to whether the Americans prefer new motors, specially built for the airship, or those already in stock, left over from the war.
The dirigible is expected to be completed not earlier than August, 1923.

PROTEST REFUGEES' RETURN

Church Council Acts in Behalf of 1500 Greeks and Armenians
New York, Nov. 7.—A protest against deportation of more than 1500 Greeks and Armenian refugees, who have been held on vessels in this port since November 1, because the yearly immigration quotas for these nationalities have been filled, was sent to the Department of Labor at Washington yesterday by the mission department of the National Episcopal Church Council.
The church urged that the immigrants, most of whom are women and children, be admitted on bond and their number charged off against next year's quotas, adding that Christian American cannot send them back to Turkish rule in Constantinople and Smyrna, or to poverty-stricken Greece. Many of them, it was said, are coming to join relatives in this country, while among the women are a number of prospective brides.
The immigrants arrived on three ships, the Madonna, carrying 885; King Alexander, 870, and the Argentine, 815.

RAIL ACCIDENTS INCREASE

Toll of Summer is 4411 During "Careful-Crossing" Campaign
New York, Nov. 7.—Broad crossing accidents during the four summer months of 1922 mounted to 4411 in the period of the "careful-crossing" campaign waged by the American Railway Association, that organization announced yesterday.
Although this represents an increase of 3.6 per cent over the same period in 1921, the association claims the campaign saved many lives since 21 per cent more automobiles were in operation and nearly 10 per cent more railway cars were transported. The report shows that 693 persons were killed.

SHOOT AT G. P. FOX HOME

Mysterious Bullets Are Imbedded in Wall of Cynwyd Man's House
Some one during the dinner hour last night fired three shots at the home of G. Percy Fox, 468 State road, Cynwyd, a real estate dealer of this city. None of the shots entered the building, but fattened against the walls near the dining-room window and became imbedded in the window sash.
Though the shooting occurred between 8:30 and 7 o'clock, the police were not notified until 11 o'clock. Policemen Maxwell and Louchray of the Lower Merion police, were sent to investigate, and by the side of the bullets said the revolver used was of high caliber, fired apparently from the other side of the road at the house, which lies back from the road.

NO VERDICT IN STRIKE CASE

Jury to Report Today in Slaying of Non-Union Men
Memphis, Nov. 7.—The jury which has been considering the cases of Beth W. Foster, C. M. Monk, Albert Johns and P. A. Miller, striking railroad shopmen, charged with murder in connection with the slaying of Charles Lanier, a non-union railroad employee, since Friday noon yesterday reported to the Court that it has been impossible to agree on a verdict.
The Court ordered them to return to the jury room and endeavor to come to an agreement and to report back this morning. Thirty-eight court days were taken in deliberating the case.

WAR-DEBT SOLUTIONS FAIL

Collection Plans Offered by Prize Seekers Not Constructive
Washington, Nov. 7.—Suggestions for settling the question of the allied war-time indebtedness to the United States have been pouring into the Treasury since President Harding recently expressed a willingness to award a prize for any practical concrete suggestion for its collection. The President at that time considered interesting numerous suggestions that the debt should be collected, but he had found no concrete proposals as to how collection was to be effected.
Evidently, it was said by high officials at Treasury yesterday, many persons had taken the reported offer of a prize by the President literally, and daily suggestions as to how the various foreign debts might be liquidated are reaching the Treasury. One man wrote he had a plan, but wished to know more concerning the prize before he made known its details.
However, according to high officials, none of the debt-liquidation suggestions so far received have offered anything of a constructive nature for the solution of the problem.

AID GREEK REFUGEE FUND

Former Mrs. Leeds and Sir Basil Zaharok Contribute
Athens, Nov. 7.—The gift by Princess Anastasia, the former Mrs. William B. Leeds, of 500,000 drachmas (about \$10,000) to the Greek refugee fund, and of 2,000,000 drachmas by Sir Basil Zaharok, the international banker, for the same purpose, was announced yesterday.

SCHWAB SEES BIG FUTURE

Greater Business Ahead Than in Last 48 Years, He Says
New York, Nov. 7.—Charles M. Schwab made an optimistic reply yesterday when Lewis Pierson, president of Merchants' Association, which is

An Unexcelled Talking Machine Service

Following closely in the footsteps of Estey piano customs and traditions, the Estey talking machine store renders an unexcelled talking machine service.

Here under one roof—in one specially appointed department which you can step into off the street—are three complete superlative lines of instruments:

Victor Victrolas
Sonora Talking Machines
Cheney Art Phonographs

Back of these three splendid lines of instruments is the complete catalogue library of Victor Records—the best library of talking machine records in existence.

And back of all these is the traditional Estey service: courteous and intelligent attention, the Estey easy-payment plan, prompt and special deliveries, a department to execute telephone orders for records and the general looking after your instrument after it has been placed in your home.

The whole department is organized with the view of making the purchase and owning of a talking machine and records easy and convenient and you will find it so if you will favor it with a call.

Step right into the department through the 17th Street entrance.

Interesting booklet, "WHAT ESTEY SERVICE MEANS TO YOU," and explaining the Easy-Payment Plan mailed upon request.
