GIRL OF A THOUSAND PROPOSALS While there are a few maudlin who, on a whim, would like to see a girl who has never been proposed to, it is a story—real, authentic of a girl who has refused more than a thousand proposals. She has a girl's name and she has a girl's face. Make it a habit.

CAMDEN HOLDING EXCITING ELECTION

Mayorality Contest Further Complicates Frelinghuysen-Edwards Issue

KING GAINS OVER VAN HART

With the mayorality fight further adding to the perplexities caused by the Frelinghuysen-Edwards issue, Camden today is holding one of its most uncertain as well as most exciting elections. Not in recent years has a more determined effort been made by both parties to get out a full vote.

The polls opened at 6 o'clock and there was a steady stream of early morning voters to the polling places in the first two hours. Many women who are employed took advantage of the opportunity to vote before going to work. The polls will close at 7 o'clock tonight. Republican and Democratic leaders expressed confidence in the outcome. They had their full quota of workers out bright and early keeping tabs on the situation.

Real Fight Over Mayorality A week ago Acting Mayor Frank S. Van Hart, Republican, was a 2-to-1 shot against Congressman Victor King, Democrat. Today King is no worse than a 4-to-3 bet as a result of the impetus given the King boom over the week-end. As a result, the mayorality contest is the real fight of the city.

William D. Brown, Republican County Committeeman, is claiming a majority of 12,000 and upward for United States Senator Joseph S. Frelinghuysen, Congressman Francis P. Patterson, Jr., State Senator William N. Runyon, candidate for Governor, and the entire G. O. P. ticket.

In addition, Brown forecasts the election of Van Hart over King by a majority of 5000 and upward, with the balance of the city ticket winning by similar margins. Brown claimed Republican triumphs in twelve of the fourteen councilmanic contests. Edward J. Kelleher, Democratic State Committeeman, today conceded the county to Frelinghuysen and Runyon, but said the majority at 8000. He predicted the election of Ethan P. Westcott over Congressman Patterson, and claims King will carry the city by a majority of 2000. Kelleher expressed confidence in the outcome in the other city contests and declared the Democrats will be successful in at least six of the councilmanic contests.

G. O. P. Counts on Women Republicans are counting heavily on the woman vote. The Frelinghuysen "dry" boom was played hard in Camden, particularly in voting circles, and the G. O. P. leaders are counting on at least three-fourths of the female vote. Frelinghuysen women are expected to cut the heads of the ticket.

On the other hand, Democrats claim a strong sentiment among the male voters for Edwards, and State Committeeman Kelleher declares Edwards and Slater will carry the city districts in spite of the fact that he concedes the county to the Republican candidates for the two high offices.

There are 22,000 men and women registered in the city limits. According to a statement furnished by County Committeeman Brown, Republicans, they are divided as follows: Republican women, 12,700; Republican men, 6,472; Democratic men, 2,047; Democratic women, 2,871; doubtful men, 2,000; doubtful women, 1,480.

Rely on Leaders' Ballots Both parties are counting heavily on the vote for the leads of the tickets to pull through their counts and city candidates. The Frelinghuysen vote in the county is expected to carry surrogate Harry Reeves to victory over Robert A. Irving, Democrat, and Leon H. Bueckle, Independent Republican, in the Assembly. T. Harry Rowland, J. Huelings Coles and Willard T. Gibbs, Republicans, are expected to win by big majorities. Surrogate Reeves has been in office twenty years.

However, the alleged sentiment for Edwards in the city districts is expected to be reflected in the vote on all the city offices, but is hardly likely to be strong enough to put King in the Democrats' through, with the possible exception of King, the mayorality candidate. Unless the unexpected happens City Treasurer George A. Papp, Republican, will be re-elected over Isaac Albertson, Democrat; Recorder O. Glen Schomacker, Republican, will be re-elected over George W. Papp, Democrat; and City Tax Collector A. Benjamin Sparks, Republican, will be re-elected over Benjamin W. Moloney, Democrat. Papp has been in office eight years, Schomacker twenty-one years, and Sparks six years.

Democrats are putting up a stiff fight in each of the fourteen wards. They hardly have any real chance of winning in more than four, unless, as stated before, the unexpected occurs. The Republicans look like certain winners in the First, Second, Fourth, Sixth, Seventh and Tenth Wards, while the Democrats are strongly favored in the Eighth and Twelfth, while the Third, Fifth, Ninth, Thirteenth and Fourteenth are in the doubtful class. Three-cornered fights are being waged in the Fifth, Seventh and Eighth Wards.

Leo M. Harris, Socialist, likely will be elected to City Council in the Eleventh Ward.

DELAWARE VOTERS GET OUT EARLY TO BALLOT Thousand Attend Polls at Wilmington in First Half Hour Wilmington, Del., Nov. 7.—(By A. P.)—All the polling places in Delaware were open by 7:30 o'clock this morning and voting began in the minutes.

In Wilmington at least a thousand voters were polled during the first hour, and it was believed fully half the qualified vote would be in by noon. The voting proceeded quietly, with no disturbances being reported in city or State. Leaders of both parties are predicting victory by small majority. State Treasurer George M. Fisher died early this morning, but this unexpected turn made no difference in the voting, as he had not been nominated by the Republican State convention, the term for which he was chosen in 1920 expires December 31, and temporary appointment will be made by the Governor.

U. S. AGENTS GUARD NEW JERSEY POLLS

Election Fraud Arrests Keep Officials Wary During Balloting

HEAVY VOTE IS PREDICTED

Newark, N. J., Nov. 7.—Voting in New Jersey today was reported heavy in most sections despite a drizzling rain. The prohibition issue was reported as drawing many to polling places, keen interest having been stirred by the light wine and beer advocacy of Governor Edwards, Democratic candidate for Senator Frelinghuysen's seat.

Newark and Jersey City reported an unusually heavy vote, with a noticeable number of women accompanying the men to the polls. Department of Justice agents were expected to guard the polls as the result of election frauds and arrests in Hudson and Essex Counties, but they were not on duty in the forenoon. At Trenton, Elizabeth and Atlantic City there were many women participating in a heavy vote, these cities claiming great interest in the wet and dry issue. Atlantic City predicts a record vote.

Jersey City, N. J., Nov. 7.—(By A. P.)—Voters flocked to the polls early today, with the result that an unusually heavy vote was recorded up to 9:30 o'clock this morning. Many women accompanied their male relatives and friends to the polls and voted.

Asbury Park, N. J., Nov. 7.—(By A. P.)—An unusually light vote has been recorded here up to 9 o'clock this morning. Few women went to the polls early today.

Atlantic City, N. J., Nov. 7.—(By A. P.)—Despite a drizzling rain there was a large turn-out of voters during the early hours of voting here today, and the expectation is that there will be a record vote polled. Over 23,000 voters are expected to vote in Atlantic City, and there is every indication that the women voters will exercise their franchise.

There is keen interest here in the contest for United States Senator. Republicans admit that Senator Frelinghuysen will run behind his ticket because of the "wet" and "dry" issue, which has attracted more attention here than any other. So far there has been no disorder, and no attempt at illegal voting, although the Democratic leaders claim they are in possession of sixty-eight warrants.

Paterson, N. J., Nov. 7.—(By A. P.)—Rainy weather kept many voters from the polls early today, with the result that a light vote was recorded up to 9 o'clock this morning. Women were not expected to turn out in force until later in the day.

Trenton, Nov. 7.—(By A. P.)—Heavy early voting was reported from all sections of this city today, with women being well represented. For the first time a woman is a candidate in Mercer County for election to the Assembly. She is Mrs. Bessie Mann, a Republican.

RUNYON FACES STORM FOR 11TH-HOUR PLEA New Jersey Candidate Speaks to Atlantic City Negroes Atlantic City, Nov. 7.—(By A. P.)—William N. Runyon, Republican gubernatorial candidate, made a wild run through a heavy storm early this morning to make his final campaign speech here before a large audience of Negroes. He mounted the platform at 1 A. M.

"This time has come," he declared, "when you must choose one of two men—one who probably hasn't filled all your wants, but who has never willfully done an injustice to anybody, and another candidate who professes to have real friendship for your race and has had the chance, but has failed to make good."

Fat Starts Blaze in Kitchen While ham was being fried this morning, fat in the skillet caught fire and was spilled on the floor, starting a small blaze in the kitchen of the apartment of Mrs. Mary Carron, 1028 North Hancock street. Firemen extinguished the flames with chemicals. No damage was done.

PRECINCT WORKER FIRED ON IN CHICAGO RIVER WARD

18,000 Guards Watch Ballots to Prevent Voting Frauds Chicago, Nov. 7.—(By A. P.)—Violence in connection with the elections broke out early today in Chicago when J. H. Clancy, a Republican precinct worker in the Eighteenth Ward, a West Side river ward, was fired on as he was leaving his home. None of the shots took effect and the attackers escaped in a motorcar. Bitterness has marked the campaign for Cook County office in which the Republican factionalism, religion, and even, to a small extent, the Ku Klux Klan, have been injected as issues. Police officers, operatives from the State's attorney, Sheriff and United States marshals, private detectives and paid guardians of the ballot box to the number of 18,000 watched to prevent fraud at the 2344 polling places in the city and county. Party chiefs estimated a vote of about 725,000 in Chicago, with an additional 100,000 in the country towns of Cook County.
