Withelm was not officially appointed manager of the Phillies until Donovan, who had been the manager, was sent on a supposed scouting trip previous to the departure of the team returned from a long trip West, during which time he was in complete charge. It will be remembered that Smilin' Bill Donovan, who had been the manager, was sent on a supposed scouting trip previous to the departure of the team to the Occident.

The man who turned in a champion-ship for New Haven during the rast senson was also prepared to be called in the famous baseball trial during the month of August. When Donovan returned to this city and reported to Mr. Baker he was informed during a conference that he was being supplanted by Wilhelm. Donovan drew his salary for like 1021 season and all of last year, has been fired. He joins the ranks—an ser-growing one—of those who have tried and failed to pull the local National series and failed to pull the local National Leaguers out of the slough of Sepond.

WIN SOCCER GAME Wilmington High School has won one game out of six. Several of the games lost were by small margins. The Cherry and White team started out at the opening of the season by winning from Newark High. After that the locals have dropped every game. Their last game Saturday was to Downington High School, which went home with a 7-to-2 victory.

In this game the Wilmington squad showed great improvement over its playing earlier in the season. Its line worked better while the backfield also performed in better shape. Forward passing was used to a good advantage. In the pinches, however, the locals fell down when a little punch was needed. Twice during the Saturday game the high school team had the ball on the 3-yard line, but the visitors held and Wilmington lost the ball. The Salesianum squad is one of the two teams in the State of Delaware which has not scored this season. They have been beaten in every game, and Saturday went under to West Catholie High School, of Philadelphia, 19 to 0.
