

# REPUBLICANS WIN IN DELAWARE CO.

### But Chester Turns Out Its Lightest Vote—Butler Victorious Over Ellis

### MRS. BLASER IS DEFEATED

Special Dispatch to Evening Public Ledger—Chester, Pa., Nov. 5.—Delaware County is still in the Republican column with all the G. O. P. candidates victorious, although the City of Chester turned out its lightest vote in years.

Little interest was shown by the city organization and Gifford Pinchot's entire vote was declared by each of the opposing sides yesterday to underlie the case before the Railroad Labor Board of the Chicago and Alton Railroad, seeking abolition of overtime pay and also changes in working conditions of certain classes of employees.

W. G. Bied, president and receiver of the road, asserted the case was brought to combat what he termed the growing tendency of labor organizations to display their power by striking and corrupting interstate commerce.

A. Boone, vice president of the Firemen's Brotherhood, charged the Firemen was leading a move to abolish the eight-hour day.

Walter H. Craig, newly-elected legislator from the Chester City District, headed the Republican ticket, receiving up 3708 votes in comparison to 413 by John E. McDonough, Dem.

W. Howard Metcalf, William Cloud Alexander and Harry H. Heburn, Jr. were returned winners in the Second County Legislative District. Workers were more active in the county than in the city because of the apathy against Mr. Heburn, defeated at the primary, and selected by the County Committee upon the death of Representative Miller.

Many Republicans, especially women, supported by Mrs. Florence L. Dornblaser, Democratic nominee, but former Representative Heburn emerged triumphantly. Mrs. Dornblaser ran ahead of McSparran all through the county.

United States Senators Pepper and Reed each will have a majority of from 8000 to 10,000 in the city and county.

Lack of interest among the city organization by the weaker vote cast yesterday is causing considerable comment. But 7000 of the normal voting strength of 16,000 was registered and 2000 of this number remained at home.

Always counted on for a large machine majority, the precinct controlled by a Ninth Ward leader went to McSparran by one vote. Another precinct, bossed by a county committeeman went to McSparran.

Chester City voted to support the amendment to the State Constitution for more home rule by a vote of 2122 for and 907 against.

Cotestville, Nov. 5.—Gifford Pinchot carried Chester County by 2500 votes according to estimates today. 106 precincts held from out of 129 the vote was: Pinchot, 10,906; McSparran, 8445.

In the congressional fight in the Chester-Delaware County District, Thomas S. Butler, Rep. of West Chester, defeated Dr. William T. Ellis, Dem., of Swarthmore, by a majority of about 15,000. Two-thirds of this lead was given by Delaware County voters.

W. W. Long, of Cotestville, Republican candidate for the General Assembly in the First District, defeated his Democratic opponent, Hayes Turner, of Lower Merion, by a majority of 10,000 in the Second District. Miss Martha G. Thomas, Rep., of Whitford, and Captain Samuel A. Whitaker, Rep., of Phoenixville, were elected over Mrs. Jean E. Brown, of Cotestville, and H. J. McCabe, of Cotestville, Dem., by majorities of about 3500.

Cotestville citizens, voting on the proposition of surrendering the third-class city charter and returning to the borough form of government, defeated the project 1312 to 405.

### MAD BULL ATTACKS WOMEN

Mother and Children Chased by Animal Near Bloomsburg Farm

Bloomsburg, Pa., Nov. 5.—Two women and two children had a narrow escape yesterday when one of the women was imprisoned by a mad bull and the other woman and her two small sons were chased by the infuriated animal.

Mrs. William Long and her sons, McClellan, four years old, and Horace, two years old, were on their way home when they saw the enraged bull attempting to enter the barnyard at the Sorber barn, where Mrs. Sorber was imprisoned. Their arrival attracted the bull's attention and he drove them into the home of Thomas Mavan nearby. The porch was completely wrecked.

### COW CHURNS OWN MILK

Does Jazz Dances on Cold Days, Producing Butter

Allentown, Pa., Nov. 5.—An upper end farmer, who does not want his name mentioned, has a cow that churns her own milk into liquid butter. She is known as the "jazz cow."

The cow's peculiar actions have much the appearance of St. Vitus' dance, which, however, is confined to the rear or milk-producing end of the animal. The jazzing is not constant, but is confined to cold, damp days when the owner believes the milk becomes chilled causing a nervous reaction which results in the butter-churning spasms.

### 2 DEAD IN SHOOTING FRAY

Another in Scranton Hospital Following Argument Over Wine

Scranton, Nov. 5.—Two men are dead and another is in the Taylor Hospital in a critical condition as the result of a shooting affray yesterday in Old Forge. The dead are Lorenz Simenza, fifty years old, merchant and director of the Old Forge Bank, and John Molucci, forty-three years old, a miner. The wounded man, Ralph Lettier, also is a miner.

Pasquale Stallone, proprietor of a small store, is held as the slayer. The four men disagreed as to who should pay for a barrel of wine while eating in Stallone's establishment.

### Justice Refuses Radicals' Plea

Washington, Nov. 5.—Associate Justice Sutherland yesterday denied the application of William Gross Lloyd and seventeen other members of the Communist Labor Party for a writ of error which would bring to the Supreme Court for review their conviction in Illinois on the charge of conspiracy to violate the State Sedition Law of 1918.

### RADICALS WIN IN SAXONY

Berlin, Nov. 5.—Loss to the bourgeois parties of two seats in "Red Saxony's" Diet in the first try-out of the republic's new initiative referendum has caused little more than a ripple in political circles. The Socialists and Communists together now hold mandates against the bourgeois parties.

# WHY PAY AS MUCH AS \$400

for any Player-Piano, if you can buy a new, high-grade and guaranteed instrument for less, on easy weekly or monthly payments, with several dozen music rolls, a bench and cabinet thrown in?

A well-made Player-Piano, if carefully handled, will last from 25 to 35 years and be a constant source of pleasure and entertainment to its owners.

The Cunningham Player-Piano is manufactured with the celebrated REGO-STYLE patents owned and controlled exclusively by us, in our modern, well-equipped factory. So perfect in construction is this instrument that a child can play with all the expression of the master composer himself.

Every Player-Piano we manufacture has a double valve action and metal tubing. Do not let anybody talk you into buying an instrument with a single valve action, as it has not the power or endurance—if it had, why should we spend twice as much money in developing a double valve action?

The very fact that for over a quarter of a century we have been offering \$10,000.00 for a better piano than the MATCHLESS CUNNINGHAM should be sufficient proof of its quality!

All our instruments are priced from 20 to 30 per cent. lower than any dealer anywhere (whether large or small) can afford to sell. Terms arranged to suit the purchaser.
