

### LEAD MAY PROVE CURE FOR CANCER

British Scientist Finds Intravenous Injections Result in Several 'Suggestive Recoveries'

### SUPER X-RAY ALSO TRIED

London, Nov. 12.—Intravenous injections of colloidal combinations of lead, used for the last three years by Prof. Blair Bell, of Liverpool, in the treatment of cancer, have led to a small percentage of "suggestive recoveries" in cases which hitherto had been given up as hopeless. Dr. Bell, who is professor of gynecology in Liverpool University, believes he has adopted a method which may, after several more years of experimentation, lead to a treatment which may be termed "cure."

### PINCHOT ISSUES APPEAL IN AID OF RED CROSS

Praises Work of Organization and Urges Rollcall Support

Gifford Pinchot urges support of the Red Cross rollcall in the following letter: "The spirit of true Americanism should prompt every citizen to respond to the appeal of the Red Cross. We all remember the valiant and indispensable service of the Red Cross in the war. That service did not cease with the fighting. The Red Cross is still the soldier's friend. The resources of its treasury, the skill of its trained workers, and the manifold services of its organization are today at the disposal of thousands of disabled men who are attempting to readjust themselves to a new order of life.

"Life is safer everywhere because of the Red Cross. Our communities are protected by its vigilance in the cause of health. Applied science for the cure of disease, and systematized forwardings to prevent its recurrence, are the work of the Red Cross.

"Wherever there is need and suffering, there is the field of the Red Cross. Its purpose is to make life better, safer and happier. That is why we all owe it our support. I urge you to answer the Red Cross rollcall and ally yourself with that great and practical agency of protection and relief in America and throughout the world."

Canvassing for new members will be continued with redoubled energy today by the 2300 volunteer workers in Philadelphia, Montgomery, Bucks, Delaware, and Chester Counties, which comprise the territory of the South-eastern Pennsylvania Chapter of the American Red Cross.

### JOHN D. ROCKEFELLER, JR., PLEADS FOR "DRY LAW"

Refers to Violations in Address to His Bible Class

New York, Nov. 12.—Violation of prohibition laws was attributed by John D. Rockefeller, Jr., in speaking to his men's Bible class at the Fifth Avenue Baptist Church, yesterday, to a presumption on the part of citizens to choose which laws to observe and which to break.

Mr. Rockefeller enumerated the "four fundamentals of good citizenship" as work, thrift, respect for authority and law, and reverence for things sacred and holy.

"The first of these fundamentals is work, just plain, everyday work," he said. "Work is getting unfashionable. When work goes out, civilization goes with it."

The second of the fundamentals—thrift—Mr. Rockefeller said, had fallen into disrepute among the people.

In regard to the third—respect for law—Mr. Rockefeller said he referred to the authority residing in parents, teachers and public officials.

Mr. Rockefeller said that the fourth—reverence for things that are sacred and holy—was sadly lacking, especially in the modern attitude toward family life.

### FIGHT TO FREE HEIRESS

Dorothy Davis Gordon Still Held in Insane Hospital

Boston, Nov. 12.—The Massachusetts Commission on Mental Disease will conduct an inquiry into the commitment of Dorothy Davis Gordon, heiress to more than \$1,000,000, in the McLean Insane Hospital at Waverley, where she is kept while her guardian, William T. Judding, and her uncle, John Gardner, of New York, battle in the courts over the question of her control.

Gardner is seeking to have Judding removed and himself appointed.

Miss Gordon, according to Dr. Fred Eric H. Packard, superintendent of McLean Hospital, was a mental defective from birth, and since becoming an inmate of the institution she had a violent suicidal mania at times, has tried to gouge out her eyes, bite herself, dig her flesh out over the veins and strike at nurses.

### LEWISTOWN BRIDGE UNSAFE

Engineer Recommends New Structure Over Juniata

Lewistown, Pa., Nov. 12.—James M. Long, of Norristown, Pa., a civil engineer, reports the bridge over the Juniata River here unsafe and recommends a new structure. The bridge has been in service since 1850, when it was rebuilt following the ravages of the flood of that year.

### Shamokin Water Supply Low

Shamokin, Pa., Nov. 12.—With water in the huge reservoirs the lowest in history, the Bear Valley Water Company, which serves the entire community, including Mount Carmel and Shamokin, today gave warning to consumers that care must be used with the water and every precaution must be taken so that shut-down of municipal mines, silk mills and other big water users is not forced.

### State Police Get Convictions

Lancaster, Pa., Nov. 12.—One chance in a hundred is what anyone has in swamping conviction if arrested by the State police of Troop E, according to the October report just issued, which shows 511 convictions out of 516 arrests.

### Why Corns?

Just say **Blue-jay** to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in thin plasters. The action is the same.

**Pain Stops Instantly**

### Sixty Cents

BEGINNING TODAY—A LUBIN BABY—DINNER OR A PLASTER THAT JUST SUITS THE LIGHT NOONDAY APETITE OF THE BUSY MAN.

THE QUALITY IS JUST THE SAME THE QUANTITY IS A TRIPLE LESS.

In Addition to Our Usual Service

We recommend this new Luncheon for those ladies who meet in town before the matinee.
