Have Not Lost a Game in Five Years: Won Forty-two Contests

CHARTER

By PAUL PREP
A school that can win forty-two
straight conquests on the soccer field
in five years, capture four championships and be on the way to the fifth, is
traveling a pretty stiff pace, This is
the record of Germantown Friends.
This school started its long streak
in 1918, shortly after Alfred Smith
took charge of the team. The first
year the entire eight league games were
won with ease, and several other
matches outside of the circuit were
captured. One tie game was played.
In 1920 and 1921 twenty-six of this
number resulted in victories and the
other was a tie.
This year the eleven started out in
the same manner. Spotting the Fenn
Charter team a lead of three games,
which the little Quakers gained in the
early season play, Coach Smith's players are now two points behind the
league leaders. By PAUL PREP

Testerday afternoon Germantown proved its mettle when it humbled the league leaders in a game which virtually gives the Friends' School eleven the championship for the fifth straight season.

Considering that Coach Smith does not start practice for his players until after the football season is completed the record is all the more remarkable.

The gams with Penn Charter was Marty Friedman and Allie McWil-ilams, two of the best defense men in the league, were back in the line-up and played well.
